

Design and Technology Stage 6 Master Program

Complete source-bound teacher program | v1.0.0 | checked 1 September 2026

Use with the current Design and Technology Stage 6 Syllabus (2013), current school assessment schedule and current teacher-issued directions. Browser-local evidence is formative and does not prove formal submission, teacher observation or safe practical performance.

Program ID	design-technology-stage6-master-240h
Course / duration	Preliminary and HSC 11080, 15080 240 indicative one-hour periods
Version / checked	v1.0.0 1 September 2026
Control state	Phase 1 binary-repair candidate — source-bound and structurally verified; not yet released or registered.
Authoritative links	Official NESA syllabus Year 11 course Year 11 teacher resources Year 11 assessment Year 12 course Year 12 teacher resources Year 12 assessment

Official outcome coverage

The exact official outcome wording below is established before the teaching sequence. Outcome codes in each period row show planned emphasis, not a claim that one lesson completes an outcome.

Outcome	Exact official wording	Authority
P1.1	examines design theory and practice, and considers the factors affecting designing and producing in design projects	NESA syllabus
P2.1	identifies design and production processes in domestic, community, industrial and commercial settings	NESA syllabus
P2.2	explains the impact of a range of design and technology activities on the individual, society and the environment through the development of projects	NESA syllabus
P3.1	investigates and experiments with techniques in creative and collaborative approaches in designing and producing	NESA syllabus
P4.1	uses design processes in the development and production of design solutions to meet identified needs and opportunities	NESA syllabus
P4.2	uses resources effectively and safely in the development and production of design solutions	NESA syllabus
P4.3	evaluates the processes and outcomes of designing and producing	NESA syllabus
P5.1	uses a variety of management techniques and tools to develop design projects	NESA syllabus
P5.2	communicates ideas and solutions using a range of techniques	NESA syllabus
P5.3	uses a variety of research methods to inform the development and modification of design ideas	NESA syllabus
P6.1	investigates a range of manufacturing and production processes and relates these to aspects of design projects	NESA syllabus
P6.2	evaluates and uses computer-based technologies in designing and producing	NESA syllabus
H1.1	critically analyses the factors affecting design and the development and success of design projects	NESA syllabus
H1.2	relates the practices and processes of designers and producers to the major design project	NESA syllabus
H2.1	explains the influence of trends in society on design and production	NESA syllabus

Outcome	Exact official wording	Authority
H2.2	evaluates the impact of design and innovation on society and the environment	NESA syllabus
H3.1	analyses the factors that influence innovation and the success of innovation	NESA syllabus
H3.2	uses creative and innovative approaches in designing and producing	NESA syllabus
H4.1	identifies a need or opportunity and researches and explores ideas for design development and production of the major design project	NESA syllabus
H4.2	selects and uses resources responsibly and safely to realise a quality major design project	NESA syllabus
H4.3	evaluates the processes undertaken and the impacts of the major design project	NESA syllabus
H5.1	manages the development of a quality major design project	NESA syllabus
H5.2	selects and uses appropriate research methods and communication techniques	NESA syllabus
H6.1	justifies technological activities undertaken in the major design project and relates these to industrial and commercial practices	NESA syllabus
H6.2	critically assesses the emergence and impact of new technologies, and the factors affecting their development	NESA syllabus

Assessment boundary

Course	Task	Due	Weight	Outcomes	Status
Preliminary	1. Research Assignment	Term 1 Week 10	35%	P1.1, P2.1, P2.2, P5.1, P5.2, P5.3, P6.2	confirmed current 2026
Preliminary	2. Camping Environment	Term 3 Week 5	40%	P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2	confirmed current 2026 with issue date conflict
Preliminary	3. Examination	Term 3 Weeks 9/10	25%	P1.1, P2.1, P2.2, P3.1, P4.1	schedule confirmed; formal notification teacher to confirm
Hsc	1. Innovation & Emerging Technology	Term 4 Week 9	30%	H1.2, H2.1, H2.2, H3.1, H3.2, H5.2, H6.2	confirmed current 2026
Hsc	2. Design Production Folio Progress	Term 1 Week 5	20%	H4.1, H4.2, H4.3, H5.2, H6.1	current handbook; task notice issue date conflict
Hsc	3. Folio & Video Presentation	Term 1 Week 8	20%	H4.1, H4.2, H4.3, H5.2, H6.1	current handbook; task notice version date conflict
Hsc	4. Trial Examination	Term 3 Weeks 2/3	30%	H1.1, H1.2, H2.1, H2.2, H3.1, H4.2, H4.3, H5.1, H6.2	current handbook; formal notification teacher to confirm

Formal task details, dates, duration, format, scope, criteria, submission instructions and adjustment processes remain controlled by the latest approved notification. The visible Task 1 H1.1/H1.2 source conflict must be resolved before reuse.

Teacher to confirm register

ID	Item	Owner	Due before	Status
TTC-01	Actual class timetable and conversion of 120 indicative hours into local periods	Head Teacher/teacher	Program registration or first delivery	Teacher to confirm

ID	Item	Owner	Due before	Status
TTC-02	Current Schools Online MDP submission date and all school progress-check dates	Teacher/HSC coordinator	Publishing dates to students	Teacher to confirm
TTC-03	Approved project scope, facilities, tools, materials, PPE, WHS controls, off-site work and outside-assistance arrangements	Teacher/faculty	Any practical or production activity	Teacher to confirm
TTC-04	Task 2 issue date conflict between the 2025 issue line and 2026 task use	Teacher/faculty	Reissuing Task 2 notification	Teacher to confirm
TTC-05	Task 3 version and date conflict between filename and internal 2026 content	Teacher/faculty	Reissuing Task 3 notification	Teacher to confirm
TTC-06	Final MDP checklist conflict between Wednesday 26 August 2026 and Thursday 27 August 2026	Teacher/HSC coordinator	Displaying an exact final submission date	Teacher to confirm
TTC-07	Local academic-integrity and generative-AI instructions for each formal task	Teacher/faculty	Formal task issue	Teacher to confirm
TTC-08	Program delivery year and syllabus decision if reused into the planned 2029 transition	Head Teacher	Any 2029 reuse	Teacher to confirm
TTC-09	Exact cohort pairing for the 240-hour master, because the authorised Year 11 2026 and Year 12 2025/26 folders are not one confirmed cohort sequence	Steve/Head Teacher	Master document control freeze	Teacher to confirm
TTC-10	Camping Environment issue date and eleven-week calendar: the notice states Monday 23 May 2026 although that date was Saturday	Teacher/faculty	Issuing or reusing the Camping task	Teacher to confirm
TTC-11	Current Preliminary assessment-handbook submission, absence, extension and adjustment procedures	School assessment coordinator	Publishing assessment administration	Teacher to confirm
TTC-12	Preliminary examination exact date, format, duration, scope and approved notification	Head Teacher/teacher	Formal examination notification	Teacher to confirm
TTC-13	Kitchen Companion delivery window, printer/material workflow, food-contact or demonstration-only boundary, group evidence arrangements and approved practical controls	Teacher/faculty	Kitchen Companion practical work	Teacher to confirm
TTC-14	Kids Toy intended age group, applicable safety standards, materials, tools and authorised evidence boundary	Teacher/faculty	Kids Toy practical work	Teacher to confirm
TTC-16	Assessment dates and weightings before reusing either unit beyond the confirmed cohort/year	Head Teacher	Any later-cohort reuse	Teacher to confirm
TTC-17	Current approved individual adjustments and accessible equivalent response modes	Teacher/learning support	Before each affected lesson or assessment	Teacher to confirm
TTC-18	Public rights and privacy for every image or document; student-named work, grades, responses and identifiable media remain excluded	Steve/course owner	Any public integration or release	Teacher to confirm
TTC-19	Task 1 outcome-code conflict: the 2026 handbook schedule records H1.2 while the approved 2025–26 notification records H1.1.	Teacher/faculty	Reissuing or reusing Task 1 notification	Teacher to confirm

Safety, supervision and adjustments remain teacher-controlled. Confirm current facilities, PPE, risk controls, student adjustments and task notifications before the relevant lesson or assessment.

Period-by-period teaching and learning sequence

Each row represents one indicative planning hour. Teachers may combine or redistribute rows to match the actual timetable while preserving syllabus coverage, source authority, assessment boundaries and safe delivery.

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
1	Site/theory	Preliminary: Course launch and design situation	Teach, model and discuss course launch and design situation using the authorised Preliminary source set. Open Year 11 course	design theory and practice; design processes	Evidence: brief analysis and an open problem statement Outcomes: P1.1, P3.1, P4.1, P5.2, P5.3 Teacher to confirm: TTC-17
2	Project/folio	Preliminary: Kitchen need and constraint analysis	Apply kitchen need and constraint analysis to the current design record and explain the evidence-to-decision link. Open Year 11 course	factors affecting designing and producing	Evidence: need, user and constraint notes Outcomes: P1.1, P3.1, P4.1, P5.2, P5.3 Teacher to confirm: TTC-17
3	Practical	Preliminary: Six Thinking Hats collaboration	Complete only teacher-authorised project work connected to six thinking hats collaboration and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	creative and collaborative approaches to design	Evidence: group thinking record with distinct perspectives Outcomes: P1.1, P3.1, P4.1, P5.2, P5.3 Teacher to confirm: TTC-03, TTC-17
4	Site/theory	Preliminary: Group roles and communication	Teach, model and discuss group roles and communication using the authorised Preliminary source set. Open Year 11 course	project management; communication	Evidence: role and evidence-management plan Outcomes: P1.1, P3.1, P4.1, P5.2, P5.3 Teacher to confirm: TTC-17
5	Project/folio	Preliminary: Course launch and design situation	Apply course launch and design situation to the current design record and explain the evidence-to-decision link. Open Year 11 course	design theory and practice; design processes	Evidence: brief analysis and an open problem statement Outcomes: P1.1, P3.1, P4.1, P5.2, P5.3 Teacher to confirm: TTC-17
6	Practical	Preliminary: Kitchen need and constraint analysis	Complete only teacher-authorised project work connected to kitchen need and constraint analysis and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	factors affecting designing and producing	Evidence: need, user and constraint notes Outcomes: P1.1, P3.1, P4.1, P5.2, P5.3 Teacher to confirm: TTC-03, TTC-17
7	Site/theory	Preliminary: Six Thinking Hats collaboration	Teach, model and discuss six thinking hats collaboration using the authorised Preliminary source set. Open Year 11 course	creative and collaborative approaches to design	Evidence: group thinking record with distinct perspectives Outcomes: P1.1, P3.1, P4.1, P5.2, P5.3 Teacher to confirm: TTC-17

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
8	Project/folio	Preliminary: Group roles and communication	Apply group roles and communication to the current design record and explain the evidence-to-decision link. Open Year 11 course	project management; communication	Evidence: role and evidence-management plan Outcomes: P1.1, P3.1, P4.1, P5.2, P5.3 Teacher to confirm: TTC-17
9	Site/theory	Preliminary: CAD idea development	Teach, model and discuss cad idea development using the authorised Preliminary source set. Open Year 11 course	computer-based technologies; communication	Evidence: annotated digital development evidence Outcomes: P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
10	Project/folio	Preliminary: Tolerance-trial reasoning	Apply tolerance-trial reasoning to the current design record and explain the evidence-to-decision link. Open Year 11 course	experimentation; interpreting evidence	Evidence: 0.2 mm tolerance-trial record and conclusion Outcomes: P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
11	Practical	Preliminary: Prototype and technical development	Complete only teacher-authorised project work connected to prototype and technical development and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	manufacturing and production; realisation of ideas	Evidence: teacher-authorised progress record Outcomes: P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17
12	Site/theory	Preliminary: Group folio and evaluation	Teach, model and discuss group folio and evaluation using the authorised Preliminary source set. Open Year 11 course	evaluation; project management	Evidence: selected evidence across the eight-page group folio Outcomes: P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
13	Project/folio	Preliminary: CAD idea development	Apply cad idea development to the current design record and explain the evidence-to-decision link. Open Year 11 course	computer-based technologies; communication	Evidence: annotated digital development evidence Outcomes: P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
14	Practical	Preliminary: Tolerance-trial reasoning	Complete only teacher-authorised project work connected to tolerance-trial reasoning and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	experimentation; interpreting evidence	Evidence: 0.2 mm tolerance-trial record and conclusion Outcomes: P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
15	Project/folio	Preliminary: Prototype and technical development	Apply prototype and technical development to the current design record and explain the evidence-to-decision link. Open Year 11 course	manufacturing and production; realisation of ideas	Evidence: teacher-authorised progress record Outcomes: P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
16	Practical	Preliminary: Group folio and evaluation	Complete only teacher-authorised project work connected to group folio and evaluation and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	evaluation; project management	Evidence: selected evidence across the eight-page group folio Outcomes: P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17
17	Project/folio	Preliminary: CAD idea development	Apply cad idea development to the current design record and explain the evidence-to-decision link. Open Year 11 course	computer-based technologies; communication	Evidence: annotated digital development evidence Outcomes: P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
18	Practical	Preliminary: Tolerance-trial reasoning	Complete only teacher-authorised project work connected to tolerance-trial reasoning and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	experimentation; interpreting evidence	Evidence: 0.2 mm tolerance-trial record and conclusion Outcomes: P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17
19	Practical	Preliminary: Prototype and technical development	Complete only teacher-authorised project work connected to prototype and technical development and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	manufacturing and production; realisation of ideas	Evidence: teacher-authorised progress record Outcomes: P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17
20	Practical	Preliminary: Group folio and evaluation	Complete only teacher-authorised project work connected to group folio and evaluation and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	evaluation; project management	Evidence: selected evidence across the eight-page group folio Outcomes: P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17
21	Site/theory	Preliminary: Design settings and research question	Teach, model and discuss design settings and research question using the authorised Preliminary source set. Open Year 11 course	domestic, community, industrial and commercial design settings	Evidence: research question and setting classification Outcomes: P1.1, P2.1, P2.2, P5.1, P5.2, P5.3, P6.2 Teacher to confirm: TTC-17

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
22	Project/folio	Preliminary: Design profession investigation	Apply design profession investigation to the current design record and explain the evidence-to-decision link. Open Year 11 course	design practice; management; tools and technologies	Evidence: profession evidence notes with source acknowledgement Outcomes: P1.1, P2.1, P2.2, P5.1, P5.2, P5.3, P6.2 Teacher to confirm: TTC-17
23	Site/theory	Preliminary: Australian designer and invention	Teach, model and discuss Australian designer and invention using the authorised Preliminary source set. Open Year 11 course	design theory and practice; computer-based technologies	Evidence: evidence profile of an authorised selected example Outcomes: P1.1, P2.1, P2.2, P5.1, P5.2, P5.3, P6.2 Teacher to confirm: TTC-17
24	Project/folio	Preliminary: Individual, social and environmental impact	Apply individual, social and environmental impact to the current design record and explain the evidence-to-decision link. Open Year 11 course	environmental and social issues	Evidence: three-lens impact analysis Outcomes: P1.1, P2.1, P2.2, P5.1, P5.2, P5.3, P6.2 Teacher to confirm: TTC-17
25	Site/theory	Preliminary: Research quality and ethics	Teach, model and discuss research quality and ethics using the authorised Preliminary source set. Open Year 11 course	research methods; interpreting data; ethics in research	Evidence: source-quality and acknowledgement record Outcomes: P1.1, P2.1, P2.2, P5.1, P5.2, P5.3, P6.2 Teacher to confirm: TTC-17
26	Project/folio	Preliminary: Communication and revision	Apply communication and revision to the current design record and explain the evidence-to-decision link. Open Year 11 course	communication; project management	Evidence: draft presentation review against the issued requirements Outcomes: P1.1, P2.1, P2.2, P5.1, P5.2, P5.3, P6.2 Teacher to confirm: TTC-17
27	Site/theory	Preliminary: Design settings and research question	Teach, model and discuss design settings and research question using the authorised Preliminary source set. Open Year 11 course	domestic, community, industrial and commercial design settings	Evidence: research question and setting classification Outcomes: P1.1, P2.1, P2.2, P5.1, P5.2, P5.3, P6.2 Teacher to confirm: TTC-17
28	Project/folio	Preliminary: Design profession investigation	Apply design profession investigation to the current design record and explain the evidence-to-decision link. Open Year 11 course	design practice; management; tools and technologies	Evidence: profession evidence notes with source acknowledgement Outcomes: P1.1, P2.1, P2.2, P5.1, P5.2, P5.3, P6.2 Teacher to confirm: TTC-17
29	Site/theory	Preliminary: Australian designer and invention	Teach, model and discuss Australian designer and invention using the authorised Preliminary source set. Open Year 11 course	design theory and practice; computer-based technologies	Evidence: evidence profile of an authorised selected example Outcomes: P1.1, P2.1, P2.2, P5.1, P5.2, P5.3, P6.2 Teacher to confirm: TTC-17

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
30	Site/theory	Preliminary: Individual, social and environmental impact	Teach, model and discuss individual, social and environmental impact using the authorised Preliminary source set. Open Year 11 course	environmental and social issues	Evidence: three-lens impact analysis Outcomes: P1.1, P2.1, P2.2, P5.1, P5.2, P5.3, P6.2 Teacher to confirm: TTC-17
31	Site/theory	Preliminary: Research quality and ethics	Teach, model and discuss research quality and ethics using the authorised Preliminary source set. Open Year 11 course	research methods; interpreting data; ethics in research	Evidence: source-quality and acknowledgement record Outcomes: P1.1, P2.1, P2.2, P5.1, P5.2, P5.3, P6.2 Teacher to confirm: TTC-17
32	Site/theory	Preliminary: Communication and revision	Teach, model and discuss communication and revision using the authorised Preliminary source set. Open Year 11 course	communication; project management	Evidence: draft presentation review against the issued requirements Outcomes: P1.1, P2.1, P2.2, P5.1, P5.2, P5.3, P6.2 Teacher to confirm: TTC-17
33	Site/theory	Preliminary: Design settings and research question	Teach, model and discuss design settings and research question using the authorised Preliminary source set. Open Year 11 course	domestic, community, industrial and commercial design settings	Evidence: research question and setting classification Outcomes: P1.1, P2.1, P2.2, P5.1, P5.2, P5.3, P6.2 Teacher to confirm: TTC-17
34	Site/theory	Preliminary: Design profession investigation	Teach, model and discuss design profession investigation using the authorised Preliminary source set. Open Year 11 course	design practice; management; tools and technologies	Evidence: profession evidence notes with source acknowledgement Outcomes: P1.1, P2.1, P2.2, P5.1, P5.2, P5.3, P6.2 Teacher to confirm: TTC-17
35	Site/theory	Preliminary: Australian designer and invention	Teach, model and discuss Australian designer and invention using the authorised Preliminary source set. Open Year 11 course	design theory and practice; computer-based technologies	Evidence: evidence profile of an authorised selected example Outcomes: P1.1, P2.1, P2.2, P5.1, P5.2, P5.3, P6.2 Teacher to confirm: TTC-17
36	Site/theory	Preliminary: Individual, social and environmental impact	Teach, model and discuss individual, social and environmental impact using the authorised Preliminary source set. Open Year 11 course	environmental and social issues	Evidence: three-lens impact analysis Outcomes: P1.1, P2.1, P2.2, P5.1, P5.2, P5.3, P6.2 Teacher to confirm: TTC-17
37	Site/theory	Preliminary: Research quality and ethics	Teach, model and discuss research quality and ethics using the authorised Preliminary source set. Open Year 11 course	research methods; interpreting data; ethics in research	Evidence: source-quality and acknowledgement record Outcomes: P1.1, P2.1, P2.2, P5.1, P5.2, P5.3, P6.2 Teacher to confirm: TTC-17

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
38	Site/theory	Preliminary: Communication and revision	Teach, model and discuss communication and revision using the authorised Preliminary source set. Open Year 11 course	communication; project management	Evidence: draft presentation review against the issued requirements Outcomes: P1.1, P2.1, P2.2, P5.1, P5.2, P5.3, P6.2 Teacher to confirm: TTC-17
39	Site/theory	Preliminary: Design settings and research question	Teach, model and discuss design settings and research question using the authorised Preliminary source set. Open Year 11 course	domestic, community, industrial and commercial design settings	Evidence: research question and setting classification Outcomes: P1.1, P2.1, P2.2, P5.1, P5.2, P5.3, P6.2 Teacher to confirm: TTC-17
40	Site/theory	Preliminary: Design profession investigation	Teach, model and discuss design profession investigation using the authorised Preliminary source set. Open Year 11 course	design practice; management; tools and technologies	Evidence: profession evidence notes with source acknowledgement Outcomes: P1.1, P2.1, P2.2, P5.1, P5.2, P5.3, P6.2 Teacher to confirm: TTC-17
41	Site/theory	Preliminary: Target market and need	Teach, model and discuss target market and need using the authorised Preliminary source set. Open Year 11 course	design processes; project analysis	Evidence: target-market and need statement Outcomes: P1.1, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
42	Project/folio	Preliminary: Market research	Apply market research to the current design record and explain the evidence-to-decision link. Open Year 11 course	marketing and market research; research methods	Evidence: comparison of existing solutions Outcomes: P1.1, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
43	Practical	Preliminary: Criteria, action and finance planning	Complete only teacher-authorised project work connected to criteria, action and finance planning and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	project management; factors affecting management	Evidence: criteria and five-week planning evidence Outcomes: P1.1, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17
44	Site/theory	Preliminary: Creativity and degree of difference	Teach, model and discuss creativity and degree of difference using the authorised Preliminary source set. Open Year 11 course	creative approaches to design	Evidence: distinct concept alternatives and selection reasoning Outcomes: P1.1, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
45	Project/folio	Preliminary: Safety-research boundary	Apply safety-research boundary to the current design record and explain the evidence-to-decision link. Open Year 11 course	factors affecting designing and producing	Evidence: identified safety questions for teacher confirmation; no compliance claim Outcomes: P1.1, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
46	Practical	Preliminary: Prototype and testing	Complete only teacher-authorised project work connected to prototype and testing and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	realisation of ideas; evaluation	Evidence: teacher-authorised prototype evidence and conclusion Outcomes: P1.1, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17
47	Site/theory	Preliminary: Ongoing evaluation	Teach, model and discuss ongoing evaluation using the authorised Preliminary source set. Open Year 11 course	evaluation; communication	Evidence: change record linked to criteria Outcomes: P1.1, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
48	Project/folio	Preliminary: Simplified MDP folio reflection	Apply simplified mdp folio reflection to the current design record and explain the evidence-to-decision link. Open Year 11 course	project analysis; communication	Evidence: concise proposal, development and evaluation evidence Outcomes: P1.1, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
49	Practical	Preliminary: Target market and need	Complete only teacher-authorised project work connected to target market and need and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	design processes; project analysis	Evidence: target-market and need statement Outcomes: P1.1, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17
50	Site/theory	Preliminary: Market research	Teach, model and discuss market research using the authorised Preliminary source set. Open Year 11 course	marketing and market research; research methods	Evidence: comparison of existing solutions Outcomes: P1.1, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
51	Project/folio	Preliminary: Criteria, action and finance planning	Apply criteria, action and finance planning to the current design record and explain the evidence-to-decision link. Open Year 11 course	project management; factors affecting management	Evidence: criteria and five-week planning evidence Outcomes: P1.1, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
52	Practical	Preliminary: Creativity and degree of difference	Complete only teacher-authorised project work connected to creativity and degree of difference and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	creative approaches to design	Evidence: distinct concept alternatives and selection reasoning Outcomes: P1.1, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17
53	Site/theory	Preliminary: Safety-research boundary	Teach, model and discuss safety-research boundary using the authorised Preliminary source set. Open Year 11 course	factors affecting designing and producing	Evidence: identified safety questions for teacher confirmation; no compliance claim Outcomes: P1.1, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
54	Project/folio	Preliminary: Prototype and testing	Apply prototype and testing to the current design record and explain the evidence-to-decision link. Open Year 11 course	realisation of ideas; evaluation	Evidence: teacher-authorised prototype evidence and conclusion Outcomes: P1.1, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
55	Practical	Preliminary: Ongoing evaluation	Complete only teacher-authorised project work connected to ongoing evaluation and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	evaluation; communication	Evidence: change record linked to criteria Outcomes: P1.1, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17
56	Site/theory	Preliminary: Simplified MDP folio reflection	Teach, model and discuss simplified mdp folio reflection using the authorised Preliminary source set. Open Year 11 course	project analysis; communication	Evidence: concise proposal, development and evaluation evidence Outcomes: P1.1, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
57	Project/folio	Preliminary: Target market and need	Apply target market and need to the current design record and explain the evidence-to-decision link. Open Year 11 course	design processes; project analysis	Evidence: target-market and need statement Outcomes: P1.1, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
58	Practical	Preliminary: Market research	Complete only teacher-authorised project work connected to market research and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	marketing and market research; research methods	Evidence: comparison of existing solutions Outcomes: P1.1, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
59	Practical	Preliminary: Criteria, action and finance planning	Complete only teacher-authorised project work connected to criteria, action and finance planning and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	project management; factors affecting management	Evidence: criteria and five-week planning evidence Outcomes: P1.1, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17
60	Practical	Preliminary: Creativity and degree of difference	Complete only teacher-authorised project work connected to creativity and degree of difference and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	creative approaches to design	Evidence: distinct concept alternatives and selection reasoning Outcomes: P1.1, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17
61	Site/theory	Preliminary: Identify the camping need and target market	Teach, model and discuss identify the camping need and target market using the authorised Preliminary source set. Open Year 11 course	design processes; project analysis	Evidence: need and target-market justification Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
62	Project/folio	Preliminary: Areas of investigation and market evidence	Apply areas of investigation and market evidence to the current design record and explain the evidence-to-decision link. Open Year 11 course	research methods; marketing and market research	Evidence: investigation plan and existing-product analysis Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
63	Practical	Preliminary: Criteria to evaluate success	Complete only teacher-authorised project work connected to criteria to evaluate success and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	factors affecting designing and producing; evaluation	Evidence: three-to-five evidence-ready criteria Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17
64	Site/theory	Preliminary: Action and finance planning	Teach, model and discuss action and finance planning using the authorised Preliminary source set. Open Year 11 course	project management; factors affecting management	Evidence: eleven-week action plan and authorised 30-dollar limit record Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
65	Project/folio	Preliminary: Ideas and degree of difference	Apply ideas and degree of difference to the current design record and explain the evidence-to-decision link. Open Year 11 course	creative approaches to design	Evidence: concept field and justified direction Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
66	Practical	Preliminary: Design factors analysis	Complete only teacher-authorised project work connected to design factors analysis and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	design theory and practice	Evidence: factor-to-decision explanation Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17
67	Site/theory	Preliminary: Experiment, test and conclude	Teach, model and discuss experiment, test and conclude using the authorised Preliminary source set. Open Year 11 course	research methods; evaluation	Evidence: teacher-authorised test record and applied conclusion Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
68	Project/folio	Preliminary: Resources and production planning	Apply resources and production planning to the current design record and explain the evidence-to-decision link. Open Year 11 course	techniques, materials, tools and resources; manufacturing and production	Evidence: resource justification and teacher-confirmed production questions Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
69	Practical	Preliminary: Teacher-authorised realisation	Complete only teacher-authorised project work connected to teacher-authorised realisation and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	realisation of ideas; work health and safety	Evidence: progress record without invented method, PPE or control Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17
70	Site/theory	Preliminary: Ongoing and final evaluation	Teach, model and discuss ongoing and final evaluation using the authorised Preliminary source set. Open Year 11 course	evaluation; project management	Evidence: criterion-led change record and balanced final judgement Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
71	Project/folio	Preliminary: Marketing and project handoff	Apply marketing and project handoff to the current design record and explain the evidence-to-decision link. Open Year 11 course	marketing and market research; communication	Evidence: marketability explanation and complete individual folio check Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
72	Practical	Preliminary: Identify the camping need and target market	Complete only teacher-authorised project work connected to identify the camping need and target market and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	design processes; project analysis	Evidence: need and target-market justification Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
73	Site/theory	Preliminary: Areas of investigation and market evidence	Teach, model and discuss areas of investigation and market evidence using the authorised Preliminary source set. Open Year 11 course	research methods; marketing and market research	Evidence: investigation plan and existing-product analysis Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
74	Project/folio	Preliminary: Criteria to evaluate success	Apply criteria to evaluate success to the current design record and explain the evidence-to-decision link. Open Year 11 course	factors affecting designing and producing; evaluation	Evidence: three-to-five evidence-ready criteria Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
75	Practical	Preliminary: Action and finance planning	Complete only teacher-authorised project work connected to action and finance planning and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	project management; factors affecting management	Evidence: eleven-week action plan and authorised 30-dollar limit record Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17
76	Site/theory	Preliminary: Ideas and degree of difference	Teach, model and discuss ideas and degree of difference using the authorised Preliminary source set. Open Year 11 course	creative approaches to design	Evidence: concept field and justified direction Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
77	Project/folio	Preliminary: Design factors analysis	Apply design factors analysis to the current design record and explain the evidence-to-decision link. Open Year 11 course	design theory and practice	Evidence: factor-to-decision explanation Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
78	Practical	Preliminary: Experiment, test and conclude	Complete only teacher-authorised project work connected to experiment, test and conclude and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	research methods; evaluation	Evidence: teacher-authorised test record and applied conclusion Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17
79	Site/theory	Preliminary: Resources and production planning	Teach, model and discuss resources and production planning using the authorised Preliminary source set. Open Year 11 course	techniques, materials, tools and resources; manufacturing and production	Evidence: resource justification and teacher-confirmed production questions Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
80	Project/folio	Preliminary: Teacher-authorised realisation	Apply teacher-authorised realisation to the current design record and explain the evidence-to-decision link. Open Year 11 course	realisation of ideas; work health and safety	Evidence: progress record without invented method, PPE or control Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
81	Practical	Preliminary: Ongoing and final evaluation	Complete only teacher-authorised project work connected to ongoing and final evaluation and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	evaluation; project management	Evidence: criterion-led change record and balanced final judgement Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17
82	Site/theory	Preliminary: Marketing and project handoff	Teach, model and discuss marketing and project handoff using the authorised Preliminary source set. Open Year 11 course	marketing and market research; communication	Evidence: marketability explanation and complete individual folio check Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
83	Project/folio	Preliminary: Identify the camping need and target market	Apply identify the camping need and target market to the current design record and explain the evidence-to-decision link. Open Year 11 course	design processes; project analysis	Evidence: need and target-market justification Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
84	Practical	Preliminary: Areas of investigation and market evidence	Complete only teacher-authorised project work connected to areas of investigation and market evidence and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	research methods; marketing and market research	Evidence: investigation plan and existing-product analysis Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17
85	Project/folio	Preliminary: Criteria to evaluate success	Apply criteria to evaluate success to the current design record and explain the evidence-to-decision link. Open Year 11 course	factors affecting designing and producing; evaluation	Evidence: three-to-five evidence-ready criteria Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
86	Practical	Preliminary: Action and finance planning	Complete only teacher-authorised project work connected to action and finance planning and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	project management; factors affecting management	Evidence: eleven-week action plan and authorised 30-dollar limit record Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
87	Project/folio	Preliminary: Ideas and degree of difference	Apply ideas and degree of difference to the current design record and explain the evidence-to-decision link. Open Year 11 course	creative approaches to design	Evidence: concept field and justified direction Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
88	Practical	Preliminary: Design factors analysis	Complete only teacher-authorised project work connected to design factors analysis and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	design theory and practice	Evidence: factor-to-decision explanation Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17
89	Project/folio	Preliminary: Experiment, test and conclude	Apply experiment, test and conclude to the current design record and explain the evidence-to-decision link. Open Year 11 course	research methods; evaluation	Evidence: teacher-authorised test record and applied conclusion Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
90	Practical	Preliminary: Resources and production planning	Complete only teacher-authorised project work connected to resources and production planning and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	techniques, materials, tools and resources; manufacturing and production	Evidence: resource justification and teacher-confirmed production questions Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17
91	Project/folio	Preliminary: Teacher-authorised realisation	Apply teacher-authorised realisation to the current design record and explain the evidence-to-decision link. Open Year 11 course	realisation of ideas; work health and safety	Evidence: progress record without invented method, PPE or control Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
92	Practical	Preliminary: Ongoing and final evaluation	Complete only teacher-authorised project work connected to ongoing and final evaluation and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	evaluation; project management	Evidence: criterion-led change record and balanced final judgement Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17
93	Project/folio	Preliminary: Marketing and project handoff	Apply marketing and project handoff to the current design record and explain the evidence-to-decision link. Open Year 11 course	marketing and market research; communication	Evidence: marketability explanation and complete individual folio check Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
94	Practical	Preliminary: Identify the camping need and target market	Complete only teacher-authorised project work connected to identify the camping need and target market and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	design processes; project analysis	Evidence: need and target-market justification Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17
95	Project/folio	Preliminary: Areas of investigation and market evidence	Apply areas of investigation and market evidence to the current design record and explain the evidence-to-decision link. Open Year 11 course	research methods; marketing and market research	Evidence: investigation plan and existing-product analysis Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
96	Practical	Preliminary: Criteria to evaluate success	Complete only teacher-authorised project work connected to criteria to evaluate success and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	factors affecting designing and producing; evaluation	Evidence: three-to-five evidence-ready criteria Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17
97	Project/folio	Preliminary: Action and finance planning	Apply action and finance planning to the current design record and explain the evidence-to-decision link. Open Year 11 course	project management; factors affecting management	Evidence: eleven-week action plan and authorised 30-dollar limit record Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
98	Practical	Preliminary: Ideas and degree of difference	Complete only teacher-authorised project work connected to ideas and degree of difference and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	creative approaches to design	Evidence: concept field and justified direction Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17
99	Project/folio	Preliminary: Design factors analysis	Apply design factors analysis to the current design record and explain the evidence-to-decision link. Open Year 11 course	design theory and practice	Evidence: factor-to-decision explanation Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
100	Practical	Preliminary: Experiment, test and conclude	Complete only teacher-authorised project work connected to experiment, test and conclude and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	research methods; evaluation	Evidence: teacher-authorised test record and applied conclusion Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
101	Practical	Preliminary: Resources and production planning	Complete only teacher-authorised project work connected to resources and production planning and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	techniques, materials, tools and resources; manufacturing and production	Evidence: resource justification and teacher-confirmed production questions Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17
102	Practical	Preliminary: Teacher-authorised realisation	Complete only teacher-authorised project work connected to teacher-authorised realisation and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	realisation of ideas; work health and safety	Evidence: progress record without invented method, PPE or control Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17
103	Practical	Preliminary: Ongoing and final evaluation	Complete only teacher-authorised project work connected to ongoing and final evaluation and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	evaluation; project management	Evidence: criterion-led change record and balanced final judgement Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17
104	Practical	Preliminary: Marketing and project handoff	Complete only teacher-authorised project work connected to marketing and project handoff and record what was observed; methods, equipment and controls remain teacher-controlled. Open Year 11 course	marketing and market research; communication	Evidence: marketability explanation and complete individual folio check Outcomes: P1.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-03, TTC-17
105	Site/theory	Preliminary: Design theory retrieval	Teach, model and discuss design theory retrieval using the authorised Preliminary source set. Open Year 11 course	design theory and practice; factors affecting designing and producing	Evidence: retrieval and correction record Outcomes: P1.1, P2.1, P2.2, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
106	Project/folio	Preliminary: Settings and impact synthesis	Apply settings and impact synthesis to the current design record and explain the evidence-to-decision link. Open Year 11 course	design and production settings; environmental and social issues	Evidence: comparison and impact response Outcomes: P1.1, P2.1, P2.2, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
107	Site/theory	Preliminary: Creative and production-process synthesis	Teach, model and discuss creative and production-process synthesis using the authorised Preliminary source set. Open Year 11 course	creative approaches; manufacturing and production	Evidence: source-safe applied response Outcomes: P1.1, P2.1, P2.2, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
108	Project/folio	Preliminary: Examination response strategy	Apply examination response strategy to the current design record and explain the evidence-to-decision link. Open Year 11 course	communication; interpreting and presenting data	Evidence: command-verb response plan Outcomes: P1.1, P2.1, P2.2, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
109	Site/theory	Preliminary: HSC bridge and individual MDP boundary	Teach, model and discuss hsc bridge and individual mdp boundary using the authorised Preliminary source set. Open Year 11 course	project management; design processes	Evidence: Preliminary-to-HSC transition note without beginning the MDP early Outcomes: P1.1, P2.1, P2.2, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
110	Project/folio	Preliminary: Design theory retrieval	Apply design theory retrieval to the current design record and explain the evidence-to-decision link. Open Year 11 course	design theory and practice; factors affecting designing and producing	Evidence: retrieval and correction record Outcomes: P1.1, P2.1, P2.2, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
111	Site/theory	Preliminary: Settings and impact synthesis	Teach, model and discuss settings and impact synthesis using the authorised Preliminary source set. Open Year 11 course	design and production settings; environmental and social issues	Evidence: comparison and impact response Outcomes: P1.1, P2.1, P2.2, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
112	Site/theory	Preliminary: Creative and production-process synthesis	Teach, model and discuss creative and production-process synthesis using the authorised Preliminary source set. Open Year 11 course	creative approaches; manufacturing and production	Evidence: source-safe applied response Outcomes: P1.1, P2.1, P2.2, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
113	Site/theory	Preliminary: Examination response strategy	Teach, model and discuss examination response strategy using the authorised Preliminary source set. Open Year 11 course	communication; interpreting and presenting data	Evidence: command-verb response plan Outcomes: P1.1, P2.1, P2.2, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
114	Site/theory	Preliminary: HSC bridge and individual MDP boundary	Teach, model and discuss hsc bridge and individual mdp boundary using the authorised Preliminary source set. Open Year 11 course	project management; design processes	Evidence: Preliminary-to-HSC transition note without beginning the MDP early Outcomes: P1.1, P2.1, P2.2, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
115	Site/theory	Preliminary: Design theory retrieval	Teach, model and discuss design theory retrieval using the authorised Preliminary source set. Open Year 11 course	design theory and practice; factors affecting designing and producing	Evidence: retrieval and correction record Outcomes: P1.1, P2.1, P2.2, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
116	Site/theory	Preliminary: Settings and impact synthesis	Teach, model and discuss settings and impact synthesis using the authorised Preliminary source set. Open Year 11 course	design and production settings; environmental and social issues	Evidence: comparison and impact response Outcomes: P1.1, P2.1, P2.2, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
117	Site/theory	Preliminary: Creative and production-process synthesis	Teach, model and discuss creative and production-process synthesis using the authorised Preliminary source set. Open Year 11 course	creative approaches; manufacturing and production	Evidence: source-safe applied response Outcomes: P1.1, P2.1, P2.2, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
118	Site/theory	Preliminary: Examination response strategy	Teach, model and discuss examination response strategy using the authorised Preliminary source set. Open Year 11 course	communication; interpreting and presenting data	Evidence: command-verb response plan Outcomes: P1.1, P2.1, P2.2, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
119	Site/theory	Preliminary: HSC bridge and individual MDP boundary	Teach, model and discuss hsc bridge and individual mdp boundary using the authorised Preliminary source set. Open Year 11 course	project management; design processes	Evidence: Preliminary-to-HSC transition note without beginning the MDP early Outcomes: P1.1, P2.1, P2.2, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
120	Site/theory	Preliminary: Design theory retrieval	Teach, model and discuss design theory retrieval using the authorised Preliminary source set. Open Year 11 course	design theory and practice; factors affecting designing and producing	Evidence: retrieval and correction record Outcomes: P1.1, P2.1, P2.2, P3.1, P4.1, P4.2, P4.3, P5.1, P5.2, P5.3, P6.1, P6.2 Teacher to confirm: TTC-17
121	Site/theory	HSC: The two-year bridge and HSC course map	Teach the two-year bridge and hsc course map through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	course structure and Preliminary/HSC boundary; individual MDP supervision, authentication and outside-assistance boundaries; identification and exploration of a need or opportunity	Evidence: Formative learning package at modules/module-01.html#m01s01-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H1.1, H1.2, H4.1, H5.1 Teacher to confirm: TTC-17
122	Project/folio	HSC: The two-year bridge and HSC course map	Apply the two-year bridge and hsc course map to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	course structure and Preliminary/HSC boundary; individual MDP supervision, authentication and outside-assistance boundaries; identification and exploration of a need or opportunity	Evidence: Formative MDP folio or management evidence linked to m01s01; not a formal submission record. Outcomes: H1.1, H1.2, H4.1, H5.1 Teacher to confirm: TTC-17
123	Site/theory	HSC: The two-year bridge and HSC course map	Teach the two-year bridge and hsc course map through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	course structure and Preliminary/HSC boundary; individual MDP supervision, authentication and outside-assistance boundaries; identification and exploration of a need or opportunity	Evidence: Formative learning package at modules/module-01.html#m01s01-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H1.1, H1.2, H4.1, H5.1 Teacher to confirm: TTC-17
124	Project/folio	HSC: Individual MDP, supervision and authentication	Apply individual mdp, supervision and authentication to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	course structure and Preliminary/HSC boundary; individual MDP supervision, authentication and outside-assistance boundaries; identification and exploration of a need or opportunity	Evidence: Formative MDP folio or management evidence linked to m01s02; not a formal submission record. Outcomes: H1.1, H1.2, H4.1, H5.1 Teacher to confirm: TTC-17

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
125	Site/theory	HSC: Individual MDP, supervision and authentication	Teach individual mdp, supervision and authentication through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	course structure and Preliminary/HSC boundary; individual MDP supervision, authentication and outside-assistance boundaries; identification and exploration of a need or opportunity	Evidence: Formative learning package at modules/module-01.html#m01s02-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H1.1, H1.2, H4.1, H5.1 Teacher to confirm: TTC-17
126	Project/folio	HSC: Individual MDP, supervision and authentication	Apply individual mdp, supervision and authentication to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	course structure and Preliminary/HSC boundary; individual MDP supervision, authentication and outside-assistance boundaries; identification and exploration of a need or opportunity	Evidence: Formative MDP folio or management evidence linked to m01s02; not a formal submission record. Outcomes: H1.1, H1.2, H4.1, H5.1 Teacher to confirm: TTC-17
127	Site/theory	HSC: From a need or opportunity to an open design brief	Teach from a need or opportunity to an open design brief through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	course structure and Preliminary/HSC boundary; individual MDP supervision, authentication and outside-assistance boundaries; identification and exploration of a need or opportunity	Evidence: Formative learning package at modules/module-01.html#m01s03-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H1.1, H1.2, H4.1, H5.1 Teacher to confirm: TTC-17
128	Project/folio	HSC: From a need or opportunity to an open design brief	Apply from a need or opportunity to an open design brief to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	course structure and Preliminary/HSC boundary; individual MDP supervision, authentication and outside-assistance boundaries; identification and exploration of a need or opportunity	Evidence: Formative MDP folio or management evidence linked to m01s03; not a formal submission record. Outcomes: H1.1, H1.2, H4.1, H5.1 Teacher to confirm: TTC-17
129	Site/theory	HSC: Innovation, invention and degree of difference	Teach innovation, invention and degree of difference through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	designs and design practice; factors affecting successful innovation; emerging technologies and implications	Evidence: Formative learning package at modules/module-02.html#m02s01-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H2.1, H2.2, H3.1, H6.2 Teacher to confirm: TTC-17
130	Project/folio	HSC: Innovation, invention and degree of difference	Apply innovation, invention and degree of difference to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	designs and design practice; factors affecting successful innovation; emerging technologies and implications	Evidence: Formative MDP folio or management evidence linked to m02s01; not a formal submission record. Outcomes: H2.1, H2.2, H3.1, H6.2 Teacher to confirm: TTC-17

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
131	Site/theory	HSC: Innovation, invention and degree of difference	Teach innovation, invention and degree of difference through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	designs and design practice; factors affecting successful innovation; emerging technologies and implications	Evidence: Formative learning package at modules/module-02.html#m02s01-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H2.1, H2.2, H3.1, H6.2 Teacher to confirm: TTC-17
132	Project/folio	HSC: Innovation, invention and degree of difference	Apply innovation, invention and degree of difference to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	designs and design practice; factors affecting successful innovation; emerging technologies and implications	Evidence: Formative MDP folio or management evidence linked to m02s01; not a formal submission record. Outcomes: H2.1, H2.2, H3.1, H6.2 Teacher to confirm: TTC-17
133	Site/theory	HSC: Drivers, timing and the success of innovation	Teach drivers, timing and the success of innovation through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	designs and design practice; factors affecting successful innovation; emerging technologies and implications	Evidence: Formative learning package at modules/module-02.html#m02s02-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H2.1, H2.2, H3.1, H6.2 Teacher to confirm: TTC-17
134	Site/theory	HSC: Drivers, timing and the success of innovation	Teach drivers, timing and the success of innovation through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	designs and design practice; factors affecting successful innovation; emerging technologies and implications	Evidence: Formative learning package at modules/module-02.html#m02s02-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H2.1, H2.2, H3.1, H6.2 Teacher to confirm: TTC-17
135	Site/theory	HSC: Drivers, timing and the success of innovation	Teach drivers, timing and the success of innovation through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	designs and design practice; factors affecting successful innovation; emerging technologies and implications	Evidence: Formative learning package at modules/module-02.html#m02s02-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H2.1, H2.2, H3.1, H6.2 Teacher to confirm: TTC-17
136	Site/theory	HSC: Emerging technologies and their implications	Teach emerging technologies and their implications through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	designs and design practice; factors affecting successful innovation; emerging technologies and implications	Evidence: Formative learning package at modules/module-02.html#m02s03-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H2.1, H2.2, H3.1, H6.2 Teacher to confirm: TTC-17

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
137	Site/theory	HSC: Emerging technologies and their implications	Teach emerging technologies and their implications through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	designs and design practice; factors affecting successful innovation; emerging technologies and implications	Evidence: Formative learning package at modules/module-02.html#m02s03-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H2.1, H2.2, H3.1, H6.2 Teacher to confirm: TTC-17
138	Site/theory	HSC: Emerging technologies and their implications	Teach emerging technologies and their implications through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	designs and design practice; factors affecting successful innovation; emerging technologies and implications	Evidence: Formative learning package at modules/module-02.html#m02s03-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H2.1, H2.2, H3.1, H6.2 Teacher to confirm: TTC-17
139	Site/theory	HSC: Designer practice, entrepreneurship and evidence	Teach designer practice, entrepreneurship and evidence through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	designer and producer practice; entrepreneurial activity and contextual influences; ethical, environmental and Australian societal impact	Evidence: Formative learning package at modules/module-03.html#m03s01-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H1.2, H2.1, H2.2, H3.1, H5.2, H6.2 Teacher to confirm: TTC-17
140	Project/folio	HSC: Designer practice, entrepreneurship and evidence	Apply designer practice, entrepreneurship and evidence to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	designer and producer practice; entrepreneurial activity and contextual influences; ethical, environmental and Australian societal impact	Evidence: Formative MDP folio or management evidence linked to m03s01; not a formal submission record. Outcomes: H1.2, H2.1, H2.2, H3.1, H5.2, H6.2 Teacher to confirm: TTC-17
141	Site/theory	HSC: Designer practice, entrepreneurship and evidence	Teach designer practice, entrepreneurship and evidence through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	designer and producer practice; entrepreneurial activity and contextual influences; ethical, environmental and Australian societal impact	Evidence: Formative learning package at modules/module-03.html#m03s01-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H1.2, H2.1, H2.2, H3.1, H5.2, H6.2 Teacher to confirm: TTC-17

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
142	Project/folio	HSC: Designer practice, entrepreneurship and evidence	Apply designer practice, entrepreneurship and evidence to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	designer and producer practice; entrepreneurial activity and contextual influences; ethical, environmental and Australian societal impact	Evidence: Formative MDP folio or management evidence linked to m03s01; not a formal submission record. Outcomes: H1.2, H2.1, H2.2, H3.1, H5.2, H6.2 Teacher to confirm: TTC-17
143	Site/theory	HSC: Historical, cultural, political and economic influences	Teach historical, cultural, political and economic influences through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	designer and producer practice; entrepreneurial activity and contextual influences; ethical, environmental and Australian societal impact	Evidence: Formative learning package at modules/module-03.html#m03s02-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H1.2, H2.1, H2.2, H3.1, H5.2, H6.2 Teacher to confirm: TTC-17
144	Site/theory	HSC: Historical, cultural, political and economic influences	Teach historical, cultural, political and economic influences through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	designer and producer practice; entrepreneurial activity and contextual influences; ethical, environmental and Australian societal impact	Evidence: Formative learning package at modules/module-03.html#m03s02-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H1.2, H2.1, H2.2, H3.1, H5.2, H6.2 Teacher to confirm: TTC-17
145	Site/theory	HSC: Historical, cultural, political and economic influences	Teach historical, cultural, political and economic influences through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	designer and producer practice; entrepreneurial activity and contextual influences; ethical, environmental and Australian societal impact	Evidence: Formative learning package at modules/module-03.html#m03s02-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H1.2, H2.1, H2.2, H3.1, H5.2, H6.2 Teacher to confirm: TTC-17
146	Site/theory	HSC: Ethical, environmental and Australian societal impact	Teach ethical, environmental and Australian societal impact through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	designer and producer practice; entrepreneurial activity and contextual influences; ethical, environmental and Australian societal impact	Evidence: Formative learning package at modules/module-03.html#m03s03-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H1.2, H2.1, H2.2, H3.1, H5.2, H6.2 Teacher to confirm: TTC-17

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
147	Site/theory	HSC: Ethical, environmental and Australian societal impact	Teach ethical, environmental and Australian societal impact through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	designer and producer practice; entrepreneurial activity and contextual influences; ethical, environmental and Australian societal impact	Evidence: Formative learning package at modules/module-03.html#m03s03-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H1.2, H2.1, H2.2, H3.1, H5.2, H6.2 Teacher to confirm: TTC-17
148	Site/theory	HSC: Ethical, environmental and Australian societal impact	Teach ethical, environmental and Australian societal impact through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	designer and producer practice; entrepreneurial activity and contextual influences; ethical, environmental and Australian societal impact	Evidence: Formative learning package at modules/module-03.html#m03s03-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H1.2, H2.1, H2.2, H3.1, H5.2, H6.2 Teacher to confirm: TTC-17
149	Site/theory	HSC: Need identification, target users and design situation	Teach need identification, target users and design situation through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	identification and exploration of need; areas of investigation; criteria to evaluate success	Evidence: Formative learning package at modules/module-04.html#m04s01-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H1.1, H4.1, H5.2 Teacher to confirm: TTC-17
150	Project/folio	HSC: Need identification, target users and design situation	Apply need identification, target users and design situation to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	identification and exploration of need; areas of investigation; criteria to evaluate success	Evidence: Formative MDP folio or management evidence linked to m04s01; not a formal submission record. Outcomes: H1.1, H4.1, H5.2 Teacher to confirm: TTC-17
151	Site/theory	HSC: Need identification, target users and design situation	Teach need identification, target users and design situation through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	identification and exploration of need; areas of investigation; criteria to evaluate success	Evidence: Formative learning package at modules/module-04.html#m04s01-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H1.1, H4.1, H5.2 Teacher to confirm: TTC-17
152	Project/folio	HSC: Need identification, target users and design situation	Apply need identification, target users and design situation to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	identification and exploration of need; areas of investigation; criteria to evaluate success	Evidence: Formative MDP folio or management evidence linked to m04s01; not a formal submission record. Outcomes: H1.1, H4.1, H5.2 Teacher to confirm: TTC-17

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
153	Site/theory	HSC: Areas of investigation and an evidence plan	Teach areas of investigation and an evidence plan through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	identification and exploration of need; areas of investigation; criteria to evaluate success	Evidence: Formative learning package at modules/module-04.html#m04s02-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H1.1, H4.1, H5.2 Teacher to confirm: TTC-17
154	Project/folio	HSC: Areas of investigation and an evidence plan	Apply areas of investigation and an evidence plan to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	identification and exploration of need; areas of investigation; criteria to evaluate success	Evidence: Formative MDP folio or management evidence linked to m04s02; not a formal submission record. Outcomes: H1.1, H4.1, H5.2 Teacher to confirm: TTC-17
155	Site/theory	HSC: Areas of investigation and an evidence plan	Teach areas of investigation and an evidence plan through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	identification and exploration of need; areas of investigation; criteria to evaluate success	Evidence: Formative learning package at modules/module-04.html#m04s02-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H1.1, H4.1, H5.2 Teacher to confirm: TTC-17
156	Project/folio	HSC: Areas of investigation and an evidence plan	Apply areas of investigation and an evidence plan to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	identification and exploration of need; areas of investigation; criteria to evaluate success	Evidence: Formative MDP folio or management evidence linked to m04s02; not a formal submission record. Outcomes: H1.1, H4.1, H5.2 Teacher to confirm: TTC-17
157	Site/theory	HSC: Measurable criteria to evaluate success	Teach measurable criteria to evaluate success through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	identification and exploration of need; areas of investigation; criteria to evaluate success	Evidence: Formative learning package at modules/module-04.html#m04s03-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H1.1, H4.1, H5.2 Teacher to confirm: TTC-17
158	Project/folio	HSC: Measurable criteria to evaluate success	Apply measurable criteria to evaluate success to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	identification and exploration of need; areas of investigation; criteria to evaluate success	Evidence: Formative MDP folio or management evidence linked to m04s03; not a formal submission record. Outcomes: H1.1, H4.1, H5.2 Teacher to confirm: TTC-17

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
159	Project/folio	HSC: Measurable criteria to evaluate success	Apply measurable criteria to evaluate success to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	identification and exploration of need; areas of investigation; criteria to evaluate success	Evidence: Formative MDP folio or management evidence linked to m04s03; not a formal submission record. Outcomes: H1.1, H4.1, H5.2 Teacher to confirm: TTC-17
160	Project/folio	HSC: Measurable criteria to evaluate success	Apply measurable criteria to evaluate success to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	identification and exploration of need; areas of investigation; criteria to evaluate success	Evidence: Formative MDP folio or management evidence linked to m04s03; not a formal submission record. Outcomes: H1.1, H4.1, H5.2 Teacher to confirm: TTC-17
161	Site/theory	HSC: Primary and secondary research choices	Teach primary and secondary research choices through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	research methods; data quality, bias and ethics; analysis and application of findings	Evidence: Formative learning package at modules/module-05.html#m05s01-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H4.1, H5.2 Teacher to confirm: TTC-17
162	Project/folio	HSC: Primary and secondary research choices	Apply primary and secondary research choices to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	research methods; data quality, bias and ethics; analysis and application of findings	Evidence: Formative MDP folio or management evidence linked to m05s01; not a formal submission record. Outcomes: H4.1, H5.2 Teacher to confirm: TTC-17
163	Site/theory	HSC: Primary and secondary research choices	Teach primary and secondary research choices through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	research methods; data quality, bias and ethics; analysis and application of findings	Evidence: Formative learning package at modules/module-05.html#m05s01-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H4.1, H5.2 Teacher to confirm: TTC-17
164	Project/folio	HSC: Primary and secondary research choices	Apply primary and secondary research choices to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	research methods; data quality, bias and ethics; analysis and application of findings	Evidence: Formative MDP folio or management evidence linked to m05s01; not a formal submission record. Outcomes: H4.1, H5.2 Teacher to confirm: TTC-17

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
165	Site/theory	HSC: Data quality, bias, consent and source acknowledgement	Teach data quality, bias, consent and source acknowledgement through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	research methods; data quality, bias and ethics; analysis and application of findings	Evidence: Formative learning package at modules/module-05.html#m05s02-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H4.1, H5.2 Teacher to confirm: TTC-17
166	Project/folio	HSC: Data quality, bias, consent and source acknowledgement	Apply data quality, bias, consent and source acknowledgement to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	research methods; data quality, bias and ethics; analysis and application of findings	Evidence: Formative MDP folio or management evidence linked to m05s02; not a formal submission record. Outcomes: H4.1, H5.2 Teacher to confirm: TTC-17
167	Site/theory	HSC: Data quality, bias, consent and source acknowledgement	Teach data quality, bias, consent and source acknowledgement through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	research methods; data quality, bias and ethics; analysis and application of findings	Evidence: Formative learning package at modules/module-05.html#m05s02-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H4.1, H5.2 Teacher to confirm: TTC-17
168	Project/folio	HSC: Analysing findings and applying conclusions	Apply analysing findings and applying conclusions to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	research methods; data quality, bias and ethics; analysis and application of findings	Evidence: Formative MDP folio or management evidence linked to m05s03; not a formal submission record. Outcomes: H4.1, H5.2 Teacher to confirm: TTC-17
169	Site/theory	HSC: Analysing findings and applying conclusions	Teach analysing findings and applying conclusions through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	research methods; data quality, bias and ethics; analysis and application of findings	Evidence: Formative learning package at modules/module-05.html#m05s03-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H4.1, H5.2 Teacher to confirm: TTC-17
170	Project/folio	HSC: Analysing findings and applying conclusions	Apply analysing findings and applying conclusions to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	research methods; data quality, bias and ethics; analysis and application of findings	Evidence: Formative MDP folio or management evidence linked to m05s03; not a formal submission record. Outcomes: H4.1, H5.2 Teacher to confirm: TTC-17

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
171	Site/theory	HSC: Action planning and dependency control	Teach action planning and dependency control through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	action planning; time planning and variance; finance planning and resource revision	Evidence: Formative learning package at modules/module-06.html#m06s01-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H5.1, H5.2 Teacher to confirm: TTC-17
172	Project/folio	HSC: Action planning and dependency control	Apply action planning and dependency control to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	action planning; time planning and variance; finance planning and resource revision	Evidence: Formative MDP folio or management evidence linked to m06s01; not a formal submission record. Open this learning package	action planning; time planning and variance; finance planning and resource revision	Evidence: Formative learning package at modules/module-06.html#m06s01-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H5.1, H5.2 Teacher to confirm: TTC-17
174	Project/folio	HSC: Action planning and dependency control	Apply action planning and dependency control to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	action planning; time planning and variance; finance planning and resource revision	Evidence: Formative MDP folio or management evidence linked to m06s01; not a formal submission record. Outcomes: H5.1, H5.2 Teacher to confirm: TTC-17
175	Site/theory	HSC: Time planning, milestones and variance	Teach time planning, milestones and variance through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	action planning; time planning and variance; finance planning and resource revision	Evidence: Formative learning package at modules/module-06.html#m06s02-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H5.1, H5.2 Teacher to confirm: TTC-17
176	Project/folio	HSC: Time planning, milestones and variance	Apply time planning, milestones and variance to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	action planning; time planning and variance; finance planning and resource revision	Evidence: Formative MDP folio or management evidence linked to m06s02; not a formal submission record. Outcomes: H5.1, H5.2 Teacher to confirm: TTC-17

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
177	Site/theory	HSC: Time planning, milestones and variance	Teach time planning, milestones and variance through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	action planning; time planning and variance; finance planning and resource revision	Evidence: Formative learning package at modules/module-06.html#m06s02-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H5.1, H5.2 Teacher to confirm: TTC-17
178	Project/folio	HSC: Finance planning, resource decisions and revision	Apply finance planning, resource decisions and revision to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	action planning; time planning and variance; finance planning and resource revision	Evidence: Formative MDP folio or management evidence linked to m06s03; not a formal submission record. Outcomes: H5.1, H5.2 Teacher to confirm: TTC-17
179	Project/folio	HSC: Finance planning, resource decisions and revision	Apply finance planning, resource decisions and revision to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	action planning; time planning and variance; finance planning and resource revision	Evidence: Formative MDP folio or management evidence linked to m06s03; not a formal submission record. Outcomes: H5.1, H5.2 Teacher to confirm: TTC-17
180	Project/folio	HSC: Finance planning, resource decisions and revision	Apply finance planning, resource decisions and revision to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	action planning; time planning and variance; finance planning and resource revision	Evidence: Formative MDP folio or management evidence linked to m06s03; not a formal submission record. Outcomes: H5.1, H5.2 Teacher to confirm: TTC-17
181	Site/theory	HSC: Divergent thinking and purposeful idea generation	Teach divergent thinking and purposeful idea generation through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	creativity and concept development; factors affecting design decisions; selection and justification of ideas	Evidence: Formative learning package at modules/module-07.html#m07s01-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H1.1, H3.2, H4.1 Teacher to confirm: TTC-17
182	Project/folio	HSC: Divergent thinking and purposeful idea generation	Apply divergent thinking and purposeful idea generation to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	creativity and concept development; factors affecting design decisions; selection and justification of ideas	Evidence: Formative MDP folio or management evidence linked to m07s01; not a formal submission record. Outcomes: H1.1, H3.2, H4.1 Teacher to confirm: TTC-17

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
183	Practical	HSC: Divergent thinking and purposeful idea generation	Complete only teacher-authorised MDP work connected to divergent thinking and purposeful idea generation and preserve a truthful progress record; specific methods, tools, PPE and controls remain teacher-controlled. Open this learning package	creativity and concept development; factors affecting design decisions; selection and justification of ideas	Evidence: Student progress evidence linked to m07s01; not proof of teacher observation or safe independent work. Outcomes: H1.1, H3.2, H4.1 Teacher to confirm: TTC-03, TTC-17
184	Site/theory	HSC: Divergent thinking and purposeful idea generation	Teach divergent thinking and purposeful idea generation through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	creativity and concept development; factors affecting design decisions; selection and justification of ideas	Evidence: Formative learning package at modules/module-07.html#m07s01-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H1.1, H3.2, H4.1 Teacher to confirm: TTC-17
185	Project/folio	HSC: Factors affecting design decisions	Apply factors affecting design decisions to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	creativity and concept development; factors affecting design decisions; selection and justification of ideas	Evidence: Formative MDP folio or management evidence linked to m07s02; not a formal submission record. Outcomes: H1.1, H3.2, H4.1 Teacher to confirm: TTC-17
186	Practical	HSC: Factors affecting design decisions	Complete only teacher-authorised MDP work connected to factors affecting design decisions and preserve a truthful progress record; specific methods, tools, PPE and controls remain teacher-controlled. Open this learning package	creativity and concept development; factors affecting design decisions; selection and justification of ideas	Evidence: Student progress evidence linked to m07s02; not proof of teacher observation or safe independent work. Outcomes: H1.1, H3.2, H4.1 Teacher to confirm: TTC-03, TTC-17
187	Site/theory	HSC: Factors affecting design decisions	Teach factors affecting design decisions through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	creativity and concept development; factors affecting design decisions; selection and justification of ideas	Evidence: Formative learning package at modules/module-07.html#m07s02-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H1.1, H3.2, H4.1 Teacher to confirm: TTC-17
188	Project/folio	HSC: Selecting and justifying a direction	Apply selecting and justifying a direction to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	creativity and concept development; factors affecting design decisions; selection and justification of ideas	Evidence: Formative MDP folio or management evidence linked to m07s03; not a formal submission record. Outcomes: H1.1, H3.2, H4.1 Teacher to confirm: TTC-17

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
189	Practical	HSC: Selecting and justifying a direction	Complete only teacher-authorised MDP work connected to selecting and justifying a direction and preserve a truthful progress record; specific methods, tools, PPE and controls remain teacher-controlled. Open this learning package	creativity and concept development; factors affecting design decisions; selection and justification of ideas	Evidence: Student progress evidence linked to m07s03; not proof of teacher observation or safe independent work. Outcomes: H1.1, H3.2, H4.1 Teacher to confirm: TTC-03, TTC-17
190	Project/folio	HSC: Selecting and justifying a direction	Apply selecting and justifying a direction to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	creativity and concept development; factors affecting design decisions; selection and justification of ideas	Evidence: Formative MDP folio or management evidence linked to m07s03; not a formal submission record. Outcomes: H1.1, H3.2, H4.1 Teacher to confirm: TTC-17
191	Site/theory	HSC: Planning useful experiments and prototypes	Teach planning useful experiments and prototypes through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	research and experimentation; testing against criteria; application of conclusions to refinement	Evidence: Formative learning package at modules/module-08.html#m08s01-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H3.2, H4.1, H4.2, H4.3, H5.2 Teacher to confirm: TTC-17
192	Project/folio	HSC: Planning useful experiments and prototypes	Apply planning useful experiments and prototypes to the individual MDP decision or folio record; make the evidence-to-decision link explicit. Open this learning package	research and experimentation; testing against criteria; application of conclusions to refinement	Evidence: Formative MDP folio or management evidence linked to m08s01; not a formal submission record. Outcomes: H3.2, H4.1, H4.2, H4.3, H5.2 Teacher to confirm: TTC-17
193	Practical	HSC: Planning useful experiments and prototypes	Complete only teacher-authorised MDP work connected to planning useful experiments and prototypes and preserve a truthful progress record; specific methods, tools, PPE and controls remain teacher-controlled. Open this learning package	research and experimentation; testing against criteria; application of conclusions to refinement	Evidence: Student progress evidence linked to m08s01; not proof of teacher observation or safe independent work. Outcomes: H1.1, H1.2, H2.1, H2.2, H3.1, H4.2, H4.3, H5.1, H6.2 Teacher to confirm: TTC-17
235	Practical	HSC: Final product, folio and supporting evidence readiness	Complete only teacher-authorised MDP work connected to final product, folio and supporting evidence readiness and preserve a truthful progress record; specific methods, tools, PPE and controls remain teacher-controlled. Open this learning package	MDP readiness and authentication; written examination response strategy; whole-course synthesis	Evidence: Student progress evidence linked to m12s01; not proof of teacher observation or safe independent work. Outcomes: H1.1, H1.2, H2.1, H2.2, H3.1, H4.2, H4.3, H5.1, H6.2 Teacher to confirm: TTC-03, TTC-17
236	Site/theory	HSC: Trial and HSC response strategy	Teach trial and hsc response strategy through the named theory, purposeful visual, non-video pathway and adjacent formative package. Open this learning package	MDP readiness and authentication; written examination response strategy; whole-course synthesis	Evidence: Formative learning package at modules/module-12.html#m12s02-learning: ten feedback-rich questions, one higher-order response and one applied activity. Outcomes: H1.1, H1.2, H2.1, H2.2, H3.1, H4.2, H4.3, H5.1, H6.2 Teacher to confirm: TTC-17
