

STAGE 4 INTRODUCTORY ELECTIVE - FOOD TECHNOLOGY

Food for Purpose | 50-period teaching program

2027 early-implementation review copy | Food Technology 7-10 Syllabus (2025) | v2.0

Course	50-period introductory unit within a 100-hour elective	Syllabus	Food Technology 7-10 (2025)
Delivery	2027 20 weeks 50 x 60-minute periods	Pattern	5 periods per fortnight
Lesson balance	10 Site/theory 10 Project/folio 30 Practical	Implementation	Early implementation confirmed by Steve, 28 Aug 2026
Official source	NSW Curriculum official page verified 28 Aug 2026	Focus	Food design/preparation + nutrition/health + food security/sustainability
Status	Local teacher review copy Word, PDF and manifest v2.0	Course hours	Pair with sufficient additional study to complete 100 hours
This 50-period unit contributes to, but does not complete, a 100-hour Food Technology elective. FT5-IET-01 is introduced through the food-systems module; additional study must complete the school's named elective.			

Official Stage 5 outcomes

Outcome	Exact official wording	Outcome	Exact official wording
FT5-SAF-01	applies safe work and management practices through food design and production processes	FT5-IET-01	explains industry practices and emerging technologies used in food design and production
FT5-COM-01	communicates ideas, concepts and solutions in food design and production contexts	FT5-NSA-01	assesses how nutrition, food selection and availability influence individuals and communities
FT5-FPP-01	selects and justifies the use of food preparation and presentation practices	FT5-ENV-01	analyses relationships between food production systems, sustainability and society
FT5-USE-01	selects and applies ingredients, techniques and equipment in food design and production contexts		

What students are learning

Learning focus	In plain English	Learning focus	In plain English
Safe food work	Apply hygienic routines, manage risks and follow teacher-approved kitchen controls.	Industry and technology	Explain how food production roles and technologies influence contemporary practice.
Communication	Explain food ideas, processes, evidence and decisions for a clear purpose and audience.	Nutrition and selection	Assess how nutrition, availability and individual needs affect food choices.
Preparation and presentation	Select and justify practices that improve safety, quality and presentation.	Food systems and sustainability	Analyse how production, distribution, waste and society are connected.
Ingredients, techniques and equipment	Choose and use suitable ingredients, techniques and equipment under teacher direction.	Design and evaluation	Develop a purposeful food solution, test it with evidence and recommend improvements.

Teacher-to-confirm register

When	Decision needed	Confirm by
Before each practical	Selected recipe/task, ingredients, quantities, substitutions, local food needs, equipment, ordering and practical date	Teacher / faculty
Before practical work	Current demonstrations, room routines, supervision, cleaning, allergy controls and local risk controls	Teacher / faculty
Before assessment	Task authority, outcomes, marks, dates, conditions, adjustments, rubric and submission method	Teacher / faculty
Before final reporting	The evidence used for any outcome judgement; browser records remain formative and do not prove practical performance	Teacher / faculty

Teaching program | Periods 1-10

10 x 60-minute lessons. Site/theory and Project/folio labels link to the matching website destination.

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
1	Site/theory	Personal hygiene and handwashing	Complete 10 checks, the applied activity and the scaffolded response.	Apply safe and hygienic food preparation practices. Outcomes: FT5-SAF-01, FT5-FPP-01	Check 10 responses, the activity and the response.
2	Project/folio	Kitchen hazards and safe routines	Complete 10 checks and the response; save the activity and linked folio evidence.	Assess risks in hygienic ingredient and equipment handling. Outcomes: FT5-SAF-01, FT5-FPP-01	Check 10 responses, the response and folio evidence.
3	Practical	Washing up, cleaning and sanitising	First 20 min: complete the section check and response. Then start the approved practical.	Apply safe and hygienic food preparation practices. Outcomes: FT5-SAF-01, FT5-FPP-01	Check the response; observe the process and one quality point.
4	Practical	Produce: Pikelets	Continue the approved task using the current demonstration and controls; check technique and quality.	Safe food production and evaluation Outcomes: FT5-SAF-01, FT5-FPP-01	Observe setup, process, technique, quality and clean/reset.
5	Practical	Evaluate: Pikelets	Complete the approved stage; record quality, a decision and next action; clean/reset.	Safe food production and evaluation Outcomes: FT5-SAF-01, FT5-USE-01	Check quality and next action; observe completion and clean/reset.
6	Site/theory	Reading recipes and cooking terms	Complete 10 checks, the applied activity and the scaffolded response.	Describe food preparation techniques and practices. Outcomes: FT5-FPP-01, FT5-COM-01	Check 10 responses, the activity and the response.
7	Project/folio	Selecting equipment and techniques	Complete 10 checks and the response; save the activity and linked folio evidence.	Describe food preparation techniques and practices. Outcomes: FT5-USE-01, FT5-FPP-01	Check 10 responses, the response and folio evidence.
8	Practical	Measuring, converting and scaling	First 20 min: complete the section check and response. Then start the approved practical.	Apply planning and management in food preparation. Outcomes: FT5-USE-01, FT5-FPP-01	Check the response; observe the process and one quality point.
9	Practical	Produce: Mini beef sliders	Continue the approved task using the current demonstration and controls; check technique and quality.	Safe food production and evaluation Outcomes: FT5-SAF-01, FT5-FPP-01	Observe setup, process, technique, quality and clean/reset.
10	Practical	Evaluate: Mini beef sliders	Complete the approved stage; record quality, a decision and next action; clean/reset.	Safe food production and evaluation Outcomes: FT5-SAF-01, FT5-USE-01	Check quality and next action; observe completion and clean/reset.
Teacher to confirm before use: Periods 1-10 practical details, ingredients, equipment, supervision, local risk controls and formal assessment conditions.					

Teaching program | Periods 11-20

10 x 60-minute lessons. Site/theory and Project/folio labels link to the matching website destination.

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
11	Site/theory	Cross-contamination pathways	Complete 10 checks, the applied activity and the scaffolded response.	Assess risks in hygienic ingredient and equipment handling. Outcomes: FT5-SAF-01, FT5-FPP-01	Check 10 responses, the activity and the response.
12	Project/folio	Temperature control and storage	Complete 10 checks and the response; save the activity and linked folio evidence.	Apply safe and hygienic food preparation practices. Outcomes: FT5-SAF-01, FT5-FPP-01	Check 10 responses, the response and folio evidence.
13	Practical	Allergens and safe food choices	First 20 min: complete the section check and response. Then start the approved practical.	Compare allergies and intolerances for suitable choices. Outcomes: FT5-SAF-01, FT5-NSA-01	Check the response; observe the process and one quality point.
14	Practical	Produce: Chocolate raspberry muffins	Continue the approved task using the current demonstration and controls; check technique and quality.	Safe food production and evaluation Outcomes: FT5-SAF-01, FT5-FPP-01	Observe setup, process, technique, quality and clean/reset.
15	Practical	Evaluate: Chocolate raspberry muffins	Complete the approved stage; record quality, a decision and next action; clean/reset.	Safe food production and evaluation Outcomes: FT5-SAF-01, FT5-USE-01	Check quality and next action; observe completion and clean/reset.
16	Site/theory	Six essential nutrients	Complete 10 checks, the applied activity and the scaffolded response.	Explain how the body uses nutrients. Outcomes: FT5-NSA-01	Check 10 responses, the activity and the response.
17	Project/folio	Food groups and balanced choices	Complete 10 checks and the response; save the activity and linked folio evidence.	Evaluate guides for balanced, nutritious choices. Outcomes: FT5-NSA-01, FT5-COM-01	Check 10 responses, the response and folio evidence.
18	Practical	Added sugar and informed media choices	First 20 min: complete the section check and response. Then start the approved practical.	Investigate media influence on food selection and health. Outcomes: FT5-NSA-01, FT5-COM-01	Check the response; observe the process and one quality point.
19	Practical	Produce: Calzone	Continue the approved task using the current demonstration and controls; check technique and quality.	Safe food production and evaluation Outcomes: FT5-SAF-01, FT5-FPP-01	Observe setup, process, technique, quality and clean/reset.
20	Practical	Evaluate: Calzone	Complete the approved stage; record quality, a decision and next action; clean/reset.	Safe food production and evaluation Outcomes: FT5-SAF-01, FT5-USE-01	Check quality and next action; observe completion and clean/reset.
Teacher to confirm before use: Periods 11-20 practical details, ingredients, equipment, supervision, local risk controls and formal assessment conditions.					

Teaching program | Periods 21-30

10 x 60-minute lessons. Site/theory and Project/folio labels link to the matching website destination.

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
21	Site/theory	Reasons for cooking	Complete 10 checks, the applied activity and the scaffolded response.	Describe food preparation techniques and practices. Outcomes: FT5-FPP-01, FT5-USE-01	Check 10 responses, the activity and the response.
22	Project/folio	Denaturation, dextrinisation and emulsification	Complete 10 checks and the response; save the activity and linked folio evidence.	Assess ingredient functional properties for a context. Outcomes: FT5-FPP-01, FT5-USE-01	Check 10 responses, the response and folio evidence.
23	Practical	Fair ingredient tests and observations	First 20 min: complete the section check and response. Then start the approved practical.	Justify food ideas through testing and experimentation. Outcomes: FT5-FPP-01, FT5-COM-01	Check the response; observe the process and one quality point.
24	Practical	Produce: Jam drops	Continue the approved task using the current demonstration and controls; check technique and quality.	Safe food production and evaluation Outcomes: FT5-SAF-01, FT5-FPP-01	Observe setup, process, technique, quality and clean/reset.
25	Practical	Evaluate: Jam drops	Complete the approved stage; record quality, a decision and next action; clean/reset.	Safe food production and evaluation Outcomes: FT5-SAF-01, FT5-USE-01	Check quality and next action; observe completion and clean/reset.
26	Site/theory	The five senses	Complete 10 checks, the applied activity and the scaffolded response.	Evaluate technique effects on sensory qualities. Outcomes: FT5-FPP-01, FT5-COM-01	Check 10 responses, the activity and the response.
27	Project/folio	Precise sensory language and fair comparisons	Complete 10 checks and the response; save the activity and linked folio evidence.	Evaluate technique effects on sensory qualities. Outcomes: FT5-FPP-01, FT5-COM-01	Check 10 responses, the response and folio evidence.
28	Practical	Using evidence to improve food	First 20 min: complete the section check and response. Then start the approved practical.	Evaluate technique effects on sensory qualities. Outcomes: FT5-FPP-01, FT5-COM-01	Check the response; observe the process and one quality point.
29	Practical	Produce: Braided apple strudel	Continue the approved task using the current demonstration and controls; check technique and quality.	Safe food production and evaluation Outcomes: FT5-SAF-01, FT5-FPP-01	Observe setup, process, technique, quality and clean/reset.
30	Practical	Evaluate: Braided apple strudel	Complete the approved stage; record quality, a decision and next action; clean/reset.	Safe food production and evaluation Outcomes: FT5-SAF-01, FT5-USE-01	Check quality and next action; observe completion and clean/reset.

Teacher to confirm before use: Periods 21-30 practical details, ingredients, equipment, supervision, local risk controls and formal assessment conditions.

Teaching program | Periods 31-40

10 x 60-minute lessons. Site/theory and Project/folio labels link to the matching website destination.

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
31	Site/theory	Farm-to-plate systems	Complete 10 checks, the applied activity and the scaffolded response.	Identify food production and distribution systems. Outcomes: FT5-ENV-01, FT5-IET-01	Check 10 responses, the activity and the response.
32	Project/folio	Australian food and fibre production	Complete 10 checks and the response; save the activity and linked folio evidence.	Discuss careers in food design and production. Outcomes: FT5-IET-01, FT5-ENV-01	Check 10 responses, the response and folio evidence.
33	Practical	Waste, food security and sustainable choices	First 20 min: complete the section check and response. Then start the approved practical.	Explain how local systems reduce food waste. Outcomes: FT5-ENV-01, FT5-NSA-01	Check the response; observe the process and one quality point.
34	Practical	Produce: Two-ingredient pizza dough	Continue the approved task using the current demonstration and controls; check technique and quality.	Safe food production and evaluation Outcomes: FT5-SAF-01, FT5-FPP-01	Observe setup, process, technique, quality and clean/reset.
35	Practical	Evaluate: Two-ingredient pizza dough	Complete the approved stage; record quality, a decision and next action; clean/reset.	Safe food production and evaluation Outcomes: FT5-SAF-01, FT5-USE-01	Check quality and next action; observe completion and clean/reset.
36	Site/theory	User needs and constraints	Complete 10 checks, the applied activity and the scaffolded response.	Apply design thinking to food ideas for a context. Outcomes: FT5-COM-01, FT5-NSA-01	Check 10 responses, the activity and the response.
37	Project/folio	Menu balance and costing	Complete 10 checks and the response; save the activity and linked folio evidence.	Apply design thinking to food ideas for a context. Outcomes: FT5-COM-01, FT5-NSA-01	Check 10 responses, the response and folio evidence.
38	Practical	Ideas, criteria and responsible choices	First 20 min: complete the section check and response. Then start the approved practical.	Apply design thinking to food ideas for a context. Outcomes: FT5-COM-01, FT5-FPP-01	Check the response; observe the process and one quality point.
39	Practical	Produce: Honey-soy chicken wraps	Continue the approved task using the current demonstration and controls; check technique and quality.	Safe food production and evaluation Outcomes: FT5-SAF-01, FT5-FPP-01	Observe setup, process, technique, quality and clean/reset.
40	Practical	Evaluate: Honey-soy chicken wraps	Complete the approved stage; record quality, a decision and next action; clean/reset.	Safe food production and evaluation Outcomes: FT5-SAF-01, FT5-USE-01	Check quality and next action; observe completion and clean/reset.

Teacher to confirm before use: Periods 31-40 practical details, ingredients, equipment, supervision, local risk controls and formal assessment conditions.

Teaching program | Periods 41-50

10 x 60-minute lessons. Site/theory and Project/folio labels link to the matching website destination.

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
41	Site/theory	Recipe and equipment selection	Complete 10 checks, the applied activity and the scaffolded response.	Describe food preparation techniques and practices. Outcomes: FT5-USE-01, FT5-FPP-01	Check 10 responses, the activity and the response.
42	Project/folio	Workflow and collaboration	Complete 10 checks and the response; save the activity and linked folio evidence.	Apply planning and management in food preparation. Outcomes: FT5-SAF-01, FT5-FPP-01	Check 10 responses, the response and folio evidence.
43	Practical	Presentation, styling and photography	First 20 min: complete the section check and response. Then start the approved practical.	Apply food presentation, photography and styling techniques. Outcomes: FT5-FPP-01, FT5-COM-01	Check the response; observe the process and one quality point.
44	Practical	Produce: Party Task rehearsal or teacher-selected party recipe	Continue the approved task using the current demonstration and controls; check technique and quality.	Safe food production and evaluation Outcomes: FT5-SAF-01, FT5-FPP-01	Observe setup, process, technique, quality and clean/reset.
45	Practical	Evaluate: Party Task rehearsal or teacher-selected party recipe	Complete the approved stage; record quality, a decision and next action; clean/reset.	Safe food production and evaluation Outcomes: FT5-SAF-01, FT5-USE-01	Check quality and next action; observe completion and clean/reset.
46	Site/theory	Testing against criteria	Complete 10 checks, the applied activity and the scaffolded response.	Justify food ideas through testing and experimentation. Outcomes: FT5-FPP-01, FT5-COM-01	Check 10 responses, the activity and the response.
47	Project/folio	Evidence, sources and bibliography	Complete 10 checks and the response; save the activity and linked folio evidence.	Apply design thinking to food ideas for a context. Outcomes: FT5-COM-01	Check 10 responses, the response and folio evidence.
48	Practical	Reflection, improvement and communication	First 20 min: complete the section check and response. Then start the approved practical.	Justify food ideas through testing and experimentation. Outcomes: FT5-COM-01, FT5-FPP-01	Check the response; observe the process and one quality point.
49	Practical	Produce: Party Task production or teacher-selected final food solution	Continue the approved task using the current demonstration and controls; check technique and quality.	Safe food production and evaluation Outcomes: FT5-SAF-01, FT5-FPP-01	Observe setup, process, technique, quality and clean/reset.
50	Practical	Evaluate: Party Task production or teacher-selected final food solution	Complete the approved stage; record quality, a decision and next action; clean/reset.	Safe food production and evaluation Outcomes: FT5-SAF-01, FT5-USE-01	Check quality and next action; observe completion and clean/reset.
Teacher to confirm before use: Periods 41-50 practical details, ingredients, equipment, supervision, local risk controls and formal assessment conditions.
