

Stage 5 Agriculture Technology 200-hour Master

Teaching program | v2.0 network benchmark

Field	Value	Field	Value
Course	Stage 5 Agriculture Technology 200-hour elective	Length	200 one-hour periods
Syllabus	Agriculture Technology 7–10 Syllabus (2024)	Status	mandatory from 2027
Sequence	Year 9 periods 1–95 Year 10 periods 96–195 assurance periods 196–200	Pattern	61 theory 23 folio 116 practical
Version	v2.0 network benchmark	Authority	Teacher to confirm before delivery

[Official syllabus](#) | [Exact outcomes](#) | [Course learning site](#)

Alignment: This self-contained master carries the complete 200-period sequence: Year 9 periods 1–95, Year 10 periods 96–195 and five explicit assurance periods. All 88 official content statements remain allocated with their coverage state and Teacher-to-confirm boundary.

How to use this program

Step	Faculty action
1	Teach the period sequence through the named learning route and retain the stated evidence.
2	Use the plain-English syllabus column for lesson intent; use the exact outcome table for formal wording.
3	Open linked theory and folio locations from the English labels in the final column.
4	Confirm timetable, practical authority, assessment conditions and faculty approval before delivery.

Outcomes and exact wording

Outcome	Exact syllabus wording	Place in this program
AGT5-SAF-01	applies production processes and safe work practices in agricultural contexts	Exact outcome used across the connected 200-period sequence
AGT5-APG-01	explains factors that influence animal and plant selection, growth and development in agricultural enterprises and systems	Exact outcome used across the connected 200-period sequence
AGT5-PRA-01	explains industry practices in agricultural enterprises and systems	Exact outcome used across the connected 200-period sequence
AGT5-ENV-01	analyses relationships between agricultural production, sustainability and consumers	Exact outcome used across the connected 200-period sequence
AGT5-IVT-01	investigates and assesses the influence of innovation and management practices on agricultural enterprises and systems	Exact outcome used across the connected 200-period sequence
AGT5-USE-01	selects and justifies the use of technologies and processes in agricultural production and systems	Exact outcome used across the connected 200-period sequence
AGT5-COM-01	communicates ideas and concepts in agricultural technology contexts	Exact outcome used across the connected 200-period sequence

Outcome codes appear beside evidence in the period tables. The teaching and syllabus columns use plain English so the learning remains the focus.

Coverage states retained in the sequence

Coverage state	Items	Meaning
Mapped existing route	46	The named course route already supports the learning and evidence.
Planned master overlay	32	Teach the exact 2024 statement through the named route and retain explicit evidence.
Master assurance required	10	Complete the allocated assurance period and retain faculty-approved evidence.

Periods 1–3

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
1	Site/theory	Module 1: Farm WHS: hazards, controls and shared responsibility; Classifying plants and animals by agricultural purpose; Using safe observations to identify farm enterprises	Read the linked learning sections; complete each 10-question check and saved response. Learning location: Open theory section 1 Open theory section 2 Open theory section 3	Create written texts to explain and evaluate factors that influence plant production processes and practices Identify animals used in agricultural production	Check feedback and response evidence: M01-S01, M01-S02, M01-S03. Coverage: Planned master overlay; Mapped existing route Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-USE-01, AGT5-COM-01
2	Project/folio	Module 1: consolidate folio and project evidence	Review saved responses; organise evidence, feedback and evaluation against the current teacher direction. Learning location: Open folio section	Identify animals used in agricultural production	Folio entry, source record, planning/evaluation note or depth-study evidence as applicable. Teacher to confirm: TTC-AG-05 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-USE-01, AGT5-COM-01
3	Practical	Module 1: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Identify animals used in agricultural production	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-USE-01, AGT5-COM-01

Periods 4–6

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
4	Practical	Module 1: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Identify animals used in agricultural production	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-USE-01, AGT5-COM-01
5	Practical	Module 1: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Identify animals used in agricultural production	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-USE-01, AGT5-COM-01
6	Site/theory	Module 2: Climate factors that influence agricultural production; Reading and communicating agricultural climate data; Cultural knowledge and Australian agriculture	Read the linked learning sections; complete each 10-question check and saved response. Learning location: Open theory section 1 Open theory section 2 Open theory section 3	Explain suitable plant species for specific enterprises, climates and markets	Check feedback and response evidence: M02-S01, M02-S02, M02-S03. Coverage: Planned master overlay Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-COM-01

Periods 7–9

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
7	Project/folio	Module 2: consolidate folio and project evidence	Review saved responses; organise evidence, feedback and evaluation against the current teacher direction. Learning location: <u>Open folio section</u>	Explain suitable plant species for specific enterprises, climates and markets	Folio entry, source record, planning/evaluation note or depth-study evidence as applicable. Teacher to confirm: TTC-AG-05 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-COM-01
8	Practical	Module 2: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Explain suitable plant species for specific enterprises, climates and markets	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-COM-01
9	Practical	Module 2: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Explain suitable plant species for specific enterprises, climates and markets	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-COM-01

Periods 10–12

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
10	Practical	Module 2: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Explain suitable plant species for specific enterprises, climates and markets	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-COM-01
11	Site/theory	Module 3: Inputs, outputs and connections in agricultural enterprises; Commodity chains from production to market; Agricultural careers and changing technologies	Read the linked learning sections; complete each 10-question check and saved response. Learning location: Open theory section 1 Open theory section 2 Open theory section 3	Explain the steps from the farm gate to the consumer for selected agricultural plant products	Check feedback and response evidence: M03-S01, M03-S02, M03-S03. Coverage: Mapped existing route Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-COM-01
12	Practical	Module 3: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Explain the steps from the farm gate to the consumer for selected agricultural plant products	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-COM-01

Periods 13–15

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
13	Practical	Module 3: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Explain the steps from the farm gate to the consumer for selected agricultural plant products	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-COM-01
14	Practical	Module 3: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Explain the steps from the farm gate to the consumer for selected agricultural plant products	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-COM-01
15	Site/theory	Module 4: Management decisions in plant and animal enterprises; Intensive and extensive production systems; Evaluating a production system using evidence	Read the linked learning sections; complete each 10-question check and saved response. Learning location: Open theory section 1 Open theory section 2 Open theory section 3	Compare intensive and extensive production systems	Check feedback and response evidence: M04-S01, M04-S02, M04-S03. Coverage: Mapped existing route Outcomes: AGT5-USE-01

Periods 16–18

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
16	Project/folio	Module 4: consolidate folio and project evidence	Review saved responses; organise evidence, feedback and evaluation against the current teacher direction. Learning location: <u>Open folio section</u>	Compare intensive and extensive production systems	Folio entry, source record, planning/evaluation note or depth-study evidence as applicable. Teacher to confirm: TTC-AG-05 Outcomes: AGT5-USE-01
17	Practical	Module 4: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Compare intensive and extensive production systems	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-USE-01
18	Practical	Module 4: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Compare intensive and extensive production systems	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-USE-01

Periods 19–21

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
19	Practical	Module 4: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Compare intensive and extensive production systems	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-USE-01
20	Site/theory	Module 5: Investigating an agricultural problem; Reading agricultural chemical labels safely; Risk controls and evidence-based decisions	Read the linked learning sections; complete each 10-question check and saved response. Learning location: Open theory section 1 Open theory section 2 Open theory section 3	Identify risks and demonstrate safe work practices in the management of plant enterprises Demonstrate safe practices when selecting and using technologies and production processes Investigate career opportunities in current and emerging agricultural industries	Check feedback and response evidence: M05-S01, M05-S02, M05-S03. Coverage: Mapped existing route; Planned master overlay Outcomes: AGT5-SAF-01, AGT5-APG-01, AGT5-PRA-01, AGT5-IVT-01, AGT5-USE-01
21	Practical	Module 5: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Identify risks and demonstrate safe work practices in the management of plant enterprises	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-APG-01, AGT5-PRA-01, AGT5-IVT-01, AGT5-USE-01

Periods 22–24

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
22	Practical	Module 5: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Identify risks and demonstrate safe work practices in the management of plant enterprises	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-APG-01, AGT5-PRA-01, AGT5-IVT-01, AGT5-USE-01
23	Practical	Module 5: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Identify risks and demonstrate safe work practices in the management of plant enterprises	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-APG-01, AGT5-PRA-01, AGT5-IVT-01, AGT5-USE-01
24	Site/theory	Module 6: Vegetable production as a managed enterprise; Plant structures and their functions; Linking plant form to vegetable production decisions	Read the linked learning sections; complete each 10-question check and saved response. Learning location: Open theory section 1 Open theory section 2 Open theory section 3	Identify and select plants for agricultural production Describe the structure of plants and explain their function in relation to an agricultural plant enterprise Investigate and describe the calendar of operations for a plant production cycle Identify and describe resources required to establish plant enterprises Select and apply technologies and processes to establish a plant enterprise	Check feedback and response evidence: M06-S01, M06-S02, M06-S03. Coverage: Mapped existing route; Planned master overlay Outcomes: AGT5-APG-01, AGT5-USE-01, AGT5-COM-01

Periods 25–27

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
25	Project/folio	Module 6: consolidate folio and project evidence	Review saved responses; organise evidence, feedback and evaluation against the current teacher direction. Learning location: <u>Open folio section</u>	Select and apply technologies and processes to establish a plant enterprise	Folio entry, source record, planning/evaluation note or depth-study evidence as applicable. Teacher to confirm: TTC-AG-05 Outcomes: AGT5-APG-01, AGT5-USE-01, AGT5-COM-01
26	Practical	Module 6: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Select and apply technologies and processes to establish a plant enterprise	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-USE-01, AGT5-COM-01
27	Practical	Module 6: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Select and apply technologies and processes to establish a plant enterprise	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-USE-01, AGT5-COM-01

Periods 28–30

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
28	Practical	Module 6: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Select and apply technologies and processes to establish a plant enterprise	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-USE-01, AGT5-COM-01
29	Site/theory	Module 7: Water uptake and transport in plants; Flower structures and reproductive functions; Using investigations to explain plant processes	Read the linked learning sections; complete each 10-question check and saved response. Learning location: Open theory section 1 Open theory section 2 Open theory section 3	Investigate and apply a range of propagation techniques Manage and monitor growth and development of agricultural plants	Check feedback and response evidence: M07-S01, M07-S02, M07-S03. Coverage: Planned master overlay; Mapped existing route Outcomes: AGT5-APG-01
30	Practical	Module 7: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Investigate and apply a range of propagation techniques	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01

Periods 31–33

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
31	Practical	Module 7: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Investigate and apply a range of propagation techniques	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01
32	Practical	Module 7: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Investigate and apply a range of propagation techniques	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01
33	Site/theory	Module 8: Soil as a living production resource; Soil texture, structure and plant growth; Collecting and interpreting soil evidence	Read the linked learning sections; complete each 10-question check and saved response. Learning location: Open theory section 1 Open theory section 2 Open theory section 3	Investigate and describe soil quality indicators including abiotic and biotic properties Implement soil management operations for plant-based enterprises Identify and describe common plant pests and diseases Investigate strategies for the management and control of plant pests and diseases	Check feedback and response evidence: M08-S01, M08-S02, M08-S03. Coverage: Mapped existing route Outcomes: AGT5-APG-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01

Periods 34–36

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
34	Project/folio	Module 8: consolidate folio and project evidence	Review saved responses; organise evidence, feedback and evaluation against the current teacher direction. Learning location: <u>Open folio section</u>	Identify and describe common plant pests and diseases	Folio entry, source record, planning/evaluation note or depth-study evidence as applicable. Teacher to confirm: TTC-AG-05 Outcomes: AGT5-APG-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01
35	Practical	Module 8: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Identify and describe common plant pests and diseases	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01
36	Practical	Module 8: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Identify and describe common plant pests and diseases	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01

Periods 37–39

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
37	Practical	Module 8: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Identify and describe common plant pests and diseases	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01
38	Site/theory	Module 9: Understanding soil pH; Managing soil condition responsibly; Choosing a soil strategy from evidence	Read the linked learning sections; complete each 10-question check and saved response. Learning location: Open theory section 1 Open theory section 2 Open theory section 3	Investigate plant or mixed-enterprise systems, sustainability, management and problem solving.	Check feedback and response evidence: M09-S01, M09-S02, M09-S03. Outcomes: AGT5-APG-01, AGT5-ENV-01, AGT5-COM-01
39	Practical	Module 9: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply safe plant or animal management practices and collect authentic agricultural evidence.	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-PRA-01, AGT5-USE-01

Periods 40–42

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
40	Practical	Module 9: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply safe plant or animal management practices and collect authentic agricultural evidence.	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-PRA-01, AGT5-USE-01
41	Practical	Module 9: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply safe plant or animal management practices and collect authentic agricultural evidence.	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-PRA-01, AGT5-USE-01
42	Site/theory	Module 10: Drought as an agricultural production challenge; Planning vegetable production under water constraints; Respectful learning from Indigenous agricultural knowledge	Read the linked learning sections; complete each 10-question check and saved response. Learning location: Open theory section 1 Open theory section 2 Open theory section 3	Explore Aboriginal and Torres Strait Islander Peoples' plant-based enterprises Evaluate and explain the timing and impact of operations in a plant production cycle Investigate land management systems and practices developed by Aboriginal and Torres Strait Islander Peoples Describe how agricultural systems contribute to and are affected by climate change Identify and evaluate mitigation strategies to address the effects of climate change on agricultural production	Check feedback and response evidence: M10-S01, M10-S02, M10-S03. Coverage: Planned master overlay Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01

Periods 43–45

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
43	Project/folio	Module 10: consolidate folio and project evidence	Review saved responses; organise evidence, feedback and evaluation against the current teacher direction. Learning location: Open folio section	Describe how agricultural systems contribute to and are affected by climate change	Folio entry, source record, planning/evaluation note or depth-study evidence as applicable. Teacher to confirm: TTC-AG-05 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01
44	Practical	Module 10: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Describe how agricultural systems contribute to and are affected by climate change	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01
45	Practical	Module 10: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Describe how agricultural systems contribute to and are affected by climate change	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01

Periods 46–48

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
46	Practical	Module 10: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Describe how agricultural systems contribute to and are affected by climate change	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01
47	Site/theory	Module 11: The beef enterprise as a production system; Reading cattle-yard features for safety; Hazard reporting in cattle facilities	Read the linked learning sections; complete each 10-question check and saved response. Learning location: Open theory section 1 Open theory section 2 Open theory section 3	Identify and describe resources required to establish animal enterprises	Check feedback and response evidence: M11-S01, M11-S02, M11-S03. Coverage: Planned master overlay Outcomes: AGT5-APG-01, AGT5-COM-01
48	Practical	Module 11: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Identify and describe resources required to establish animal enterprises	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-COM-01

Periods 49–51

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
49	Practical	Module 11: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Identify and describe resources required to establish animal enterprises	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-COM-01
50	Practical	Module 11: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Identify and describe resources required to establish animal enterprises	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-COM-01
51	Site/theory	Module 12: Comparing cattle breed groups and suitability; How the ruminant digestive system works; Matching cattle, environment and feeding decisions	Read the linked learning sections; complete each 10-question check and saved response. Learning location: Open theory section 1 Open theory section 2 Open theory section 3	Explain the suitability of breeds for specific animal enterprises, climates and markets Describe the structure and function of the digestive and reproductive systems of a range of animals	Check feedback and response evidence: M12-S01, M12-S02, M12-S03. Coverage: Mapped existing route; Planned master overlay Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-COM-01

Periods 52–54

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
52	Project/folio	Module 12: consolidate folio and project evidence	Review saved responses; organise evidence, feedback and evaluation against the current teacher direction. Learning location: <u>Open folio section</u>	Explain the suitability of breeds for specific animal enterprises, climates and markets	Folio entry, source record, planning/evaluation note or depth-study evidence as applicable. Teacher to confirm: TTC-AG-05 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-COM-01
53	Practical	Module 12: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Explain the suitability of breeds for specific animal enterprises, climates and markets	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-COM-01
54	Practical	Module 12: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Explain the suitability of breeds for specific animal enterprises, climates and markets	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-COM-01

Periods 55–57

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
55	Practical	Module 12: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Explain the suitability of breeds for specific animal enterprises, climates and markets	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-COM-01
56	Site/theory	Module 13: Planning cattle husbandry operations; Animal welfare and ethical decision-making; Using observations without replacing teacher assessment	Read the linked learning sections; complete each 10-question check and saved response. Learning location: Open theory section 1 Open theory section 2 Open theory section 3	Apply animal welfare guidelines and regulations in the management of animal enterprises Evaluate the need for traceability of animals and animal products, including for disease prevention, market access and animal welfare	Check feedback and response evidence: M13-S01, M13-S02, M13-S03. Coverage: Mapped existing route Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-IVT-01
57	Practical	Module 13: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply animal welfare guidelines and regulations in the management of animal enterprises	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-IVT-01

Periods 58–60

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
58	Practical	Module 13: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply animal welfare guidelines and regulations in the management of animal enterprises	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-IVT-01
59	Practical	Module 13: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply animal welfare guidelines and regulations in the management of animal enterprises	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-IVT-01
60	Site/theory	Module 14: Traceability in cattle enterprises; Understanding beef market specifications; Communicating a source-backed market pathway	Read the linked learning sections; complete each 10-question check and saved response. Learning location: Open theory section 1 Open theory section 2 Open theory section 3	Evaluate the need for traceability of plants and plant products, including disease prevention, market access and ethical considerations Describe current and emerging technologies used for traceability of animals and animal products Investigate market specifications and availability for a range of agricultural animal products	Check feedback and response evidence: M14-S01, M14-S02, M14-S03. Coverage: Planned master overlay; Mapped existing route Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01

Periods 61–63

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
61	Project/folio	Module 14: consolidate folio and project evidence	Review saved responses; organise evidence, feedback and evaluation against the current teacher direction. Learning location: Open folio section	Evaluate the need for traceability of plants and plant products, including disease prevention, market access and ethical considerations	Folio entry, source record, planning/evaluation note or depth-study evidence as applicable. Teacher to confirm: TTC-AG-05 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01
62	Practical	Module 14: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Evaluate the need for traceability of plants and plant products, including disease prevention, market access and ethical considerations	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01
63	Practical	Module 14: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Evaluate the need for traceability of plants and plant products, including disease prevention, market access and ethical considerations	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01

Periods 64–66

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
64	Practical	Module 14: teacher- authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Evaluate the need for traceability of plants and plant products, including disease prevention, market access and ethical considerations	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01
65	Site/theory	Module 15: Revenue, costs and profitability in beef enterprises	Read the named section; complete each 10-question check and saved response. Learning location: <u>Open theory section</u>	Explain animal-enterprise systems, management decisions, welfare and responsible production.	Check feedback and response evidence: M15-S01. Outcomes: AGT5-APG-01, AGT5-COM-01
66	Site/theory	Module 15: Evaluating management decisions with multiple criteria	Read the named section; complete each 10-question check and saved response. Learning location: <u>Open theory section</u>	Investigate plant or mixed-enterprise systems, sustainability, management and problem solving.	Check feedback and response evidence: M15-S02. Outcomes: AGT5-APG-01, AGT5-COM-01

Periods 67–69

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
67	Site/theory	Module 15: Beef careers and enterprise communication	Read the named section; complete each 10-question check and saved response. Learning location: <u>Open theory section</u>	Investigate agricultural markets, profitability, technology and relationships with economy and society.	Check feedback and response evidence: M15-S03. Outcomes: AGT5-APG-01, AGT5-IVT-01, AGT5-COM-01
68	Practical	Module 15: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply safe plant or animal management practices and collect authentic agricultural evidence.	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-PRA-01, AGT5-USE-01
69	Practical	Module 15: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply safe plant or animal management practices and collect authentic agricultural evidence.	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-PRA-01, AGT5-USE-01

Periods 70–72

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
70	Practical	Module 15: teacher- authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply safe plant or animal management practices and collect authentic agricultural evidence.	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-PRA-01, AGT5-USE-01
71	Site/theory	Module 16: Poultry enterprises, breeds and external anatomy	Read the named section; complete each 10-question check and saved response. Learning location: <u>Open theory section</u>	Explain animal-enterprise systems, management decisions, welfare and responsible production.	Check feedback and response evidence: M16-S01. Outcomes: AGT5-APG-01, AGT5-COM-01
72	Site/theory	Module 16: The chicken digestive system	Read the named section; complete each 10-question check and saved response. Learning location: <u>Open theory section</u>	Investigate plant or mixed-enterprise systems, sustainability, management and problem solving.	Check feedback and response evidence: M16-S02. Outcomes: AGT5-APG-01, AGT5-COM-01

Periods 73–75

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
73	Site/theory	Module 16: Using anatomical evidence accurately	Read the named section; complete each 10-question check and saved response. Learning location: <u>Open theory section</u>	Investigate plant or mixed-enterprise systems, sustainability, management and problem solving.	Check feedback and response evidence: M16-S03. Outcomes: AGT5-APG-01, AGT5-COM-01
74	Project/folio	Module 16: consolidate folio and project evidence	Review saved responses; organise evidence, feedback and evaluation against the current teacher direction. Learning location: <u>Open folio section</u>	Collect, analyse and communicate agricultural data; evaluate management decisions and evidence.	Folio entry, source record, planning/evaluation note or depth-study evidence as applicable. Teacher to confirm: TTC-AG-05 Outcomes: AGT5-PRA-01, AGT5-USE-01, AGT5-COM-01
75	Practical	Module 16: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply safe plant or animal management practices and collect authentic agricultural evidence.	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-PRA-01, AGT5-USE-01

Periods 76–78

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
76	Practical	Module 16: teacher- authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply safe plant or animal management practices and collect authentic agricultural evidence.	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-PRA-01, AGT5-USE-01
77	Practical	Module 16: teacher- authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply safe plant or animal management practices and collect authentic agricultural evidence.	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-PRA-01, AGT5-USE-01
78	Site/theory	Module 17: Nutrients and poultry life stages	Read the named section; complete each 10-question check and saved response. Learning location: Open theory section	Explain animal-enterprise systems, management decisions, welfare and responsible production.	Check feedback and response evidence: M17-S01. Outcomes: AGT5-APG-01, AGT5-COM-01

Periods 79–81

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
79	Site/theory	Module 17: Hen reproductive anatomy and egg formation	Read the named section; complete each 10-question check and saved response. Learning location: <u>Open theory section</u>	Investigate plant or mixed-enterprise systems, sustainability, management and problem solving.	Check feedback and response evidence: M17-S02. Outcomes: AGT5-APG-01, AGT5-COM-01
80	Site/theory	Module 17: Evaluating claims about poultry feed and production	Read the named section; complete each 10-question check and saved response. Learning location: <u>Open theory section</u>	Explain animal-enterprise systems, management decisions, welfare and responsible production.	Check feedback and response evidence: M17-S03. Outcomes: AGT5-APG-01, AGT5-COM-01
81	Practical	Module 17: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply safe plant or animal management practices and collect authentic agricultural evidence.	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-PRA-01, AGT5-USE-01

Periods 82–84

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
82	Practical	Module 17: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply safe plant or animal management practices and collect authentic agricultural evidence.	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-PRA-01, AGT5-USE-01
83	Practical	Module 17: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply safe plant or animal management practices and collect authentic agricultural evidence.	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-PRA-01, AGT5-USE-01
84	Site/theory	Module 18: Embryonic development and incubation evidence	Read the named section; complete each 10-question check and saved response. Learning location: <u>Open theory section</u>	Identify and explain effects of common pests and diseases on animal production	Check feedback and response evidence: M18-S01. Outcomes: AGT5-APG-01, AGT5-USE-01, AGT5-COM-01

Periods 85–87

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
85	Site/theory	Module 18: Biosecurity pathways in poultry systems	Read the named section; complete each 10-question check and saved response. Learning location: <u>Open theory section</u>	Identify and explain effects of common pests and diseases on animal production Explain the need for national-level and farm-level biosecurity measures	Check feedback and response evidence: M18-S02. Coverage: Planned master overlay; Mapped existing route Outcomes: AGT5-APG-01, AGT5-USE-01, AGT5-COM-01
86	Site/theory	Module 18: Recording responsible poultry management	Read the named section; complete each 10-question check and saved response. Learning location: <u>Open theory section</u>	Identify and explain effects of common pests and diseases on animal production	Check feedback and response evidence: M18-S03. Outcomes: AGT5-APG-01, AGT5-USE-01, AGT5-COM-01
87	Project/folio	Module 18: consolidate folio and project evidence	Review saved responses; organise evidence, feedback and evaluation against the current teacher direction. Learning location: <u>Open folio section</u>	Identify and explain effects of common pests and diseases on animal production	Folio entry, source record, planning/evaluation note or depth-study evidence as applicable. Teacher to confirm: TTC-AG-05 Outcomes: AGT5-APG-01, AGT5-USE-01, AGT5-COM-01

Periods 88–90

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
88	Practical	Module 18: teacher- authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Identify and explain effects of common pests and diseases on animal production	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-USE-01, AGT5-COM-01
89	Practical	Module 18: teacher- authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Identify and explain effects of common pests and diseases on animal production	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-USE-01, AGT5-COM-01
90	Practical	Module 18: teacher- authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Identify and explain effects of common pests and diseases on animal production	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-USE-01, AGT5-COM-01

Periods 91–93

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
91	Site/theory	Module 19: Comparing broiler and layer enterprises	Read the named section; complete each 10-question check and saved response. Learning location: <u>Open theory section</u>	Investigate plant or mixed-enterprise systems, sustainability, management and problem solving.	Check feedback and response evidence: M19-S01. Outcomes: AGT5-APG-01, AGT5-COM-01
92	Site/theory	Module 19: Gross margins as an enterprise tool	Read the named section; complete each 10-question check and saved response. Learning location: <u>Open theory section</u>	Investigate plant or mixed-enterprise systems, sustainability, management and problem solving.	Check feedback and response evidence: M19-S02. Outcomes: AGT5-APG-01, AGT5-COM-01
93	Site/theory	Module 19: Poultry health observations and final evaluation	Read the named section; complete each 10-question check and saved response. Learning location: <u>Open theory section</u>	Explain animal-enterprise systems, management decisions, welfare and responsible production.	Check feedback and response evidence: M19-S03. Outcomes: AGT5-APG-01, AGT5-COM-01

Periods 94–96

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
94	Practical	Module 19: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply safe plant or animal management practices and collect authentic agricultural evidence.	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-PRA-01, AGT5-USE-01
95	Practical	Module 19: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply safe plant or animal management practices and collect authentic agricultural evidence.	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-PRA-01, AGT5-USE-01
96	Site/theory	Module 1: Australian agricultural regions and enterprise suitability; Goats, bees and pigs as diverse enterprises; Diversification, markets and sustainability decisions	Read the linked learning sections; complete each 10-question check and saved response. Learning location: Open theory section 1 Open theory section 2 Open theory section 3	Analyse ways that consumers can influence change in plant production and distribution practices to improve sustainability, increase food security and minimise waste Create written texts to explain and evaluate factors that influence animal production processes and practices Create written texts to explain and evaluate processes, challenges and solutions in agriculture systems and practice. Create written texts to explain and evaluate agricultural solutions and production processes Analyse how agricultural industries may influence consumers and society Use subject-specific terminology to describe agricultural technologies, processes and industries Create written texts to describe relationships between society, innovation and agricultural production	Check feedback and response evidence: M01-S01, M01-S02, M01-S03. Coverage: Planned master overlay; Mapped existing route Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01

Periods 97–99

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
97	Project/folio	Module 1: consolidate folio and project evidence	Review saved responses; organise evidence, feedback and evaluation against the current teacher direction. Learning location: Open folio section	Create written texts to explain and evaluate agricultural solutions and production processes	Folio entry, source record, planning/evaluation note or depth-study evidence as applicable. Teacher to confirm: TTC-AG-05 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01
98	Practical	Module 1: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Create written texts to explain and evaluate agricultural solutions and production processes	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01
99	Practical	Module 1: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Create written texts to explain and evaluate agricultural solutions and production processes	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01

Periods 100–102

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
100	Practical	Module 1: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Create written texts to explain and evaluate agricultural solutions and production processes	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01
101	Site/theory	Module 2: Beneficial and harmful organisms in production; The six integrated pest management strategies; Combining controls and responding to failure	Read the linked learning sections; complete each 10-question check and saved response. Learning location: Open theory section 1 Open theory section 2 Open theory section 3	Evaluate the role of microorganisms and invertebrates and their effect on plant production Evaluate effects of microorganisms and invertebrates on animal production	Check feedback and response evidence: M02-S01, M02-S02, M02-S03. Coverage: Mapped existing route Outcomes: AGT5-APG-01, AGT5-USE-01
102	Practical	Module 2: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Evaluate effects of microorganisms and invertebrates on animal production	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-USE-01

Periods 103–105

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
103	Practical	Module 2: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Evaluate effects of microorganisms and invertebrates on animal production	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-USE-01
104	Practical	Module 2: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Evaluate effects of microorganisms and invertebrates on animal production	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-USE-01
105	Site/theory	Module 3: Reading livestock graphs and identifying trends; Comparing agricultural marketing strategies; Using trend evidence in marketing decisions	Read the linked learning sections; complete each 10-question check and saved response. Learning location: Open theory section 1 Open theory section 2 Open theory section 3	Investigate and describe Australian agricultural production and industry trends Outline marketing strategies used in agricultural production	Check feedback and response evidence: M03-S01, M03-S02, M03-S03. Coverage: Mapped existing route Outcomes: AGT5-PRA-01, AGT5-USE-01, AGT5-COM-01

Periods 106–108

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
106	Project/folio	Module 3: consolidate folio and project evidence	Review saved responses; organise evidence, feedback and evaluation against the current teacher direction. Learning location: Open folio section	Outline marketing strategies used in agricultural production	Folio entry, source record, planning/evaluation note or depth-study evidence as applicable. Teacher to confirm: TTC-AG-05 Outcomes: AGT5-PRA-01, AGT5-USE-01, AGT5-COM-01
107	Practical	Module 3: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Outline marketing strategies used in agricultural production	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-PRA-01, AGT5-USE-01, AGT5-COM-01
108	Practical	Module 3: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Outline marketing strategies used in agricultural production	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-PRA-01, AGT5-USE-01, AGT5-COM-01

Periods 109–111

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
109	Practical	Module 3: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Outline marketing strategies used in agricultural production	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-PRA-01, AGT5-USE-01, AGT5-COM-01
110	Site/theory	Module 4: Clear and unbiased agricultural market surveys; Value adding agricultural products; Using consumer evidence to shape promotion and value	Read the linked learning sections; complete each 10-question check and saved response. Learning location: Open theory section 1 Open theory section 2 Open theory section 3	Investigate market specifications and availability for seasonal agricultural plant products Assess the quality of plant products based on identified market specifications Explain factors that determine how agricultural products are marketed to consumers Apply market research strategies to develop innovative agricultural products Evaluate effects of value-adding when marketing agricultural products Develop and communicate promotional materials to inform consumers of agricultural products and industries	Check feedback and response evidence: M04-S01, M04-S02, M04-S03. Coverage: Mapped existing route; Planned master overlay Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-COM-01
111	Practical	Module 4: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Investigate market specifications and availability for seasonal agricultural plant products	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-COM-01

Periods 112–114

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
112	Practical	Module 4: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Investigate market specifications and availability for seasonal agricultural plant products	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-COM-01
113	Practical	Module 4: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Investigate market specifications and availability for seasonal agricultural plant products	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-COM-01
114	Site/theory	Module 5: Comparing plant production systems; Comparing animal production systems and trade-offs; Term 1 topic-test preparation: describe, explain and compare	Read the linked learning sections; complete each 10-question check and saved response. Learning location: Open theory section 1 Open theory section 2 Open theory section 3	Explain different production techniques for identified agricultural systems and enterprises	Check feedback and response evidence: M05-S01, M05-S02, M05-S03. Coverage: Planned master overlay Outcomes: AGT5-USE-01, AGT5-COM-01

Periods 115–117

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
115	Project/folio	Module 5: consolidate folio and project evidence	Review saved responses; organise evidence, feedback and evaluation against the current teacher direction. Learning location: <u>Open folio section</u>	Explain different production techniques for identified agricultural systems and enterprises	Folio entry, source record, planning/evaluation note or depth-study evidence as applicable. Teacher to confirm: TTC-AG-05 Outcomes: AGT5-USE-01, AGT5-COM-01
116	Practical	Module 5: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Explain different production techniques for identified agricultural systems and enterprises	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-USE-01, AGT5-COM-01
117	Practical	Module 5: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Explain different production techniques for identified agricultural systems and enterprises	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-USE-01, AGT5-COM-01

Periods 118–120

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
118	Practical	Module 5: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Explain different production techniques for identified agricultural systems and enterprises	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-USE-01, AGT5-COM-01
119	Site/theory	Module 6: Fixed costs, variable costs and income; Calculating a gross margin step by step; Comparing crop scenarios and making a recommendation	Read the linked learning sections; complete each 10-question check and saved response. Learning location: Open theory section 1 Open theory section 2 Open theory section 3	Assess factors affecting the economic viability of current and emerging agricultural industries by analysing data	Check feedback and response evidence: M06-S01, M06-S02, M06-S03. Coverage: Mapped existing route Outcomes: AGT5-IVT-01, AGT5-USE-01
120	Practical	Module 6: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Assess factors affecting the economic viability of current and emerging agricultural industries by analysing data	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-IVT-01, AGT5-USE-01

Periods 121–123

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
121	Practical	Module 6: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Assess factors affecting the economic viability of current and emerging agricultural industries by analysing data	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-IVT-01, AGT5-USE-01
122	Practical	Module 6: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Assess factors affecting the economic viability of current and emerging agricultural industries by analysing data	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-IVT-01, AGT5-USE-01
123	Site/theory	Module 7: Crop monitoring indicators and patterns; Crop monitoring tools and data; Evidence-based monitoring decisions and prioritisation	Read the linked learning sections; complete each 10-question check and saved response. Learning location: Open theory section 1 Open theory section 2 Open theory section 3	Justify the selection of technologies and processes used to collect and manage data during plant production Select and use technologies to record observations, manage data and develop solutions Use a range of digital and communication technologies to present observations, data and solutions	Check feedback and response evidence: M07-S01, M07-S02, M07-S03. Coverage: Mapped existing route; Planned master overlay Outcomes: AGT5-APG-01, AGT5-USE-01, AGT5-COM-01

Periods 124–126

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
124	Project/folio	Module 7: consolidate folio and project evidence	Review saved responses; organise evidence, feedback and evaluation against the current teacher direction. Learning location: Open folio section	Justify the selection of technologies and processes used to collect and manage data during plant production	Folio entry, source record, planning/evaluation note or depth-study evidence as applicable. Teacher to confirm: TTC-AG-05 Outcomes: AGT5-APG-01, AGT5-USE-01, AGT5-COM-01
125	Practical	Module 7: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Justify the selection of technologies and processes used to collect and manage data during plant production	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-USE-01, AGT5-COM-01
126	Practical	Module 7: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Justify the selection of technologies and processes used to collect and manage data during plant production	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-USE-01, AGT5-COM-01

Periods 127–129

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
127	Practical	Module 7: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Justify the selection of technologies and processes used to collect and manage data during plant production	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-USE-01, AGT5-COM-01
128	Site/theory	Module 8: Weeds and competition; Pests and monitoring; Diseases and integrated management	Read the linked learning sections; complete each 10-question check and saved response. Learning location: Open theory section 1 Open theory section 2 Open theory section 3	Investigate plant or mixed-enterprise systems, sustainability, management and problem solving.	Check feedback and response evidence: M08-S01, M08-S02, M08-S03. Outcomes: AGT5-APG-01, AGT5-COM-01
129	Practical	Module 8: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply safe plant or animal management practices and collect authentic agricultural evidence.	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-PRA-01, AGT5-USE-01

Periods 130–132

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
130	Practical	Module 8: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply safe plant or animal management practices and collect authentic agricultural evidence.	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-PRA-01, AGT5-USE-01
131	Practical	Module 8: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply safe plant or animal management practices and collect authentic agricultural evidence.	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-PRA-01, AGT5-USE-01
132	Site/theory	Module 9: Meaning of sustainability and environmental risks; Grazing and ground cover; Rotation, reduced tillage and precision application	Read the linked learning sections; complete each 10-question check and saved response. Learning location: Open theory section 1 Open theory section 2 Open theory section 3	Evaluate agricultural management practices to determine their impact on the environment and production Compare short-term and long-term effects of agricultural production systems on sustainability Compare emerging agricultural production methods in regional and urban environments Investigate and evaluate the impact of environmental, social and political factors on food security	Check feedback and response evidence: M09-S01, M09-S02, M09-S03. Coverage: Mapped existing route Outcomes: AGT5-PRA-01, AGT5-ENV-01, AGT5-IVT-01, AGT5-USE-01

Periods 133–135

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
133	Project/folio	Module 9: consolidate folio and project evidence	Review saved responses; organise evidence, feedback and evaluation against the current teacher direction. Learning location: <u>Open folio section</u>	Evaluate agricultural management practices to determine their impact on the environment and production	Folio entry, source record, planning/evaluation note or depth-study evidence as applicable. Teacher to confirm: TTC-AG-05 Outcomes: AGT5-PRA-01, AGT5-ENV-01, AGT5-IVT-01, AGT5-USE-01
134	Practical	Module 9: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Evaluate agricultural management practices to determine their impact on the environment and production	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-PRA-01, AGT5-ENV-01, AGT5-IVT-01, AGT5-USE-01
135	Practical	Module 9: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Evaluate agricultural management practices to determine their impact on the environment and production	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-PRA-01, AGT5-ENV-01, AGT5-IVT-01, AGT5-USE-01

Periods 136–138

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
136	Practical	Module 9: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Evaluate agricultural management practices to determine their impact on the environment and production	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-PRA-01, AGT5-ENV-01, AGT5-IVT-01, AGT5-USE-01
137	Site/theory	Module 10: Integrated system review; Four-criteria evaluation; Careers, skills and evidence-based pathway exploration	Read the linked learning sections; complete each 10-question check and saved response. Learning location: Open theory section 1 Open theory section 2 Open theory section 3	Investigate agricultural markets, profitability, technology and relationships with economy and society.	Check feedback and response evidence: M10-S01, M10-S02, M10-S03. Outcomes: AGT5-APG-01, AGT5-IVT-01, AGT5-COM-01
138	Practical	Module 10: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply safe plant or animal management practices and collect authentic agricultural evidence.	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-PRA-01, AGT5-USE-01

Periods 139–141

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
139	Practical	Module 10: teacher- authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply safe plant or animal management practices and collect authentic agricultural evidence.	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-PRA-01, AGT5-USE-01
140	Practical	Module 10: teacher- authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply safe plant or animal management practices and collect authentic agricultural evidence.	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-PRA-01, AGT5-USE-01
141	Site/theory	Module 11: What makes a prime lamb breeding system; Reading and constructing a prime-lamb pedigree; Reproductive technologies: concepts, benefits and limits	Read the linked learning sections; complete each 10-question check and saved response. Learning location: Open theory section 1 Open theory section 2 Open theory section 3	Identify programs, techniques and technologies used in animal breeding Explain the impact of animal breeding processes on production	Check feedback and response evidence: M11-S01, M11-S02, M11-S03. Coverage: Mapped existing route Outcomes: AGT5-APG-01, AGT5-USE-01, AGT5-COM-01

Periods 142–144

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
142	Project/folio	Module 11: consolidate folio and project evidence	Review saved responses; organise evidence, feedback and evaluation against the current teacher direction. Learning location: <u>Open folio section</u>	Explain the impact of animal breeding processes on production	Folio entry, source record, planning/evaluation note or depth-study evidence as applicable. Teacher to confirm: TTC-AG-05 Outcomes: AGT5-APG-01, AGT5-USE-01, AGT5-COM-01
143	Practical	Module 11: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Explain the impact of animal breeding processes on production	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-USE-01, AGT5-COM-01
144	Practical	Module 11: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Explain the impact of animal breeding processes on production	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-USE-01, AGT5-COM-01

Periods 145–147

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
145	Practical	Module 11: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Explain the impact of animal breeding processes on production	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-USE-01, AGT5-COM-01
146	Site/theory	Module 12: Nutrients, digestion and energy; Matching feed to changing requirements; Estimating pasture availability and using evidence	Read the linked learning sections; complete each 10-question check and saved response. Learning location: Open theory section 1 Open theory section 2 Open theory section 3	Investigate and explain nutritional requirements for different stages of animal production	Check feedback and response evidence: M12-S01, M12-S02, M12-S03. Coverage: Mapped existing route Outcomes: AGT5-APG-01, AGT5-USE-01, AGT5-COM-01
147	Practical	Module 12: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Investigate and explain nutritional requirements for different stages of animal production	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-USE-01, AGT5-COM-01

Periods 148–150

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
148	Practical	Module 12: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Investigate and explain nutritional requirements for different stages of animal production	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-USE-01, AGT5-COM-01
149	Practical	Module 12: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Investigate and explain nutritional requirements for different stages of animal production	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-USE-01, AGT5-COM-01
150	Site/theory	Module 13: A management calendar as a planning tool; Linking management decisions across the production cycle; Technology for identification, monitoring and decisions	Read the linked learning sections; complete each 10-question check and saved response. Learning location: Open theory section 1 Open theory section 2 Open theory section 3	Investigate and describe the calendar of operations for an animal production cycle Evaluate and explain the timing and impact of operations in an animal production cycle Select and apply technologies and processes in the management of animal enterprises Communicate the planning and management of animal enterprises Investigate and evaluate technologies for data collection and monitoring of animal enterprises and their performance	Check feedback and response evidence: M13-S01, M13-S02, M13-S03. Coverage: Mapped existing route Outcomes: AGT5-APG-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01

Periods 151–153

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
151	Project/folio	Module 13: consolidate folio and project evidence	Review saved responses; organise evidence, feedback and evaluation against the current teacher direction. Learning location: <u>Open folio section</u>	Communicate the planning and management of animal enterprises	Folio entry, source record, planning/evaluation note or depth-study evidence as applicable. Teacher to confirm: TTC-AG-05 Outcomes: AGT5-APG-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01
152	Practical	Module 13: teacher- authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Communicate the planning and management of animal enterprises	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01
153	Practical	Module 13: teacher- authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Communicate the planning and management of animal enterprises	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01

Periods 154–156

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
154	Practical	Module 13: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Communicate the planning and management of animal enterprises	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01
155	Site/theory	Module 14: Genetic change: selection, engineering and evidence; Ethical reasoning about agricultural biotechnology; Welfare-focused husbandry: needs, observations and records	Read the linked learning sections; complete each 10-question check and saved response. Learning location: Open theory section 1 Open theory section 2 Open theory section 3	Apply a range of animal management skills and maintain appropriate records when engaging in animal enterprises	Check feedback and response evidence: M14-S01, M14-S02, M14-S03. Coverage: Mapped existing route Outcomes: AGT5-APG-01, AGT5-IVT-01
156	Practical	Module 14: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply a range of animal management skills and maintain appropriate records when engaging in animal enterprises	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-IVT-01

Periods 157–159

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
157	Practical	Module 14: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply a range of animal management skills and maintain appropriate records when engaging in animal enterprises	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-IVT-01
158	Practical	Module 14: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply a range of animal management skills and maintain appropriate records when engaging in animal enterprises	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-IVT-01
159	Site/theory	Module 15: Hazards, risks and the hierarchy of controls; Risk-assessment reasoning: hazard, consequence, control and responsibility; Farm business reasoning: costs, gross margins and SWOT	Read the linked learning sections; complete each 10-question check and saved response. Learning location: Open theory section 1 Open theory section 2 Open theory section 3	Identify risks and demonstrate safe work practices in the management of animal enterprises	Check feedback and response evidence: M15-S01, M15-S02, M15-S03. Coverage: Mapped existing route Outcomes: AGT5-SAF-01, AGT5-APG-01, AGT5-PRA-01, AGT5-IVT-01

Periods 160–162

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
160	Project/folio	Module 15: consolidate folio and project evidence	Review saved responses; organise evidence, feedback and evaluation against the current teacher direction. Learning location: <u>Open folio section</u>	Identify risks and demonstrate safe work practices in the management of animal enterprises	Folio entry, source record, planning/evaluation note or depth-study evidence as applicable. Teacher to confirm: TTC-AG-05 Outcomes: AGT5-SAF-01, AGT5-APG-01, AGT5-PRA-01, AGT5-IVT-01
161	Practical	Module 15: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Identify risks and demonstrate safe work practices in the management of animal enterprises	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-APG-01, AGT5-PRA-01, AGT5-IVT-01
162	Practical	Module 15: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Identify risks and demonstrate safe work practices in the management of animal enterprises	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-APG-01, AGT5-PRA-01, AGT5-IVT-01

Periods 163–165

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
163	Practical	Module 15: teacher- authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Identify risks and demonstrate safe work practices in the management of animal enterprises	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-APG-01, AGT5-PRA-01, AGT5-IVT-01
164	Site/theory	Module 16: Dairy industry importance and breed selection	Read the named section; complete each 10-question check and saved response. Learning location: <u>Open theory section</u>	Explain animal-enterprise systems, management decisions, welfare and responsible production.	Check feedback and response evidence: M16-S01. Outcomes: AGT5-APG-01, AGT5-COM-01
165	Site/theory	Module 16: External dairy- cow anatomy and function	Read the named section; complete each 10-question check and saved response. Learning location: <u>Open theory section</u>	Explain animal-enterprise systems, management decisions, welfare and responsible production.	Check feedback and response evidence: M16-S02. Outcomes: AGT5-APG-01, AGT5-COM-01

Periods 166–168

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
166	Site/theory	Module 16: Using breed and anatomy evidence in dairy decisions	Read the named section; complete each 10-question check and saved response. Learning location: <u>Open theory section</u>	Explain animal-enterprise systems, management decisions, welfare and responsible production.	Check feedback and response evidence: M16-S03. Outcomes: AGT5-APG-01, AGT5-COM-01
167	Practical	Module 16: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply safe plant or animal management practices and collect authentic agricultural evidence.	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-PRA-01, AGT5-USE-01
168	Practical	Module 16: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply safe plant or animal management practices and collect authentic agricultural evidence.	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-PRA-01, AGT5-USE-01

Periods 169–171

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
169	Practical	Module 16: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply safe plant or animal management practices and collect authentic agricultural evidence.	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-PRA-01, AGT5-USE-01
170	Site/theory	Module 17: From raw milk to a consistent product	Read the named section; complete each 10-question check and saved response. Learning location: <u>Open theory section</u>	Explain the steps from the farm gate to the consumer in animal production enterprises Assess the quality of agricultural animal products based on identified markets and their specifications	Check feedback and response evidence: M17-S01. Coverage: Mapped existing route; Planned master overlay Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-USE-01, AGT5-COM-01
171	Site/theory	Module 17: Value adding and dairy marketing	Read the named section; complete each 10-question check and saved response. Learning location: <u>Open theory section</u>	Explain the steps from the farm gate to the consumer in animal production enterprises	Check feedback and response evidence: M17-S02. Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-USE-01, AGT5-COM-01

Periods 172–174

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
172	Site/theory	Module 17: Deregulation and change in the Australian dairy industry	Read the named section; complete each 10-question check and saved response. Learning location: Open theory section	Explain the steps from the farm gate to the consumer in animal production enterprises	Check feedback and response evidence: M17-S03. Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-USE-01, AGT5-COM-01
173	Project/folio	Module 17: consolidate folio and project evidence	Review saved responses; organise evidence, feedback and evaluation against the current teacher direction. Learning location: Open folio section	Explain the steps from the farm gate to the consumer in animal production enterprises	Folio entry, source record, planning/evaluation note or depth-study evidence as applicable. Teacher to confirm: TTC-AG-05 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-USE-01, AGT5-COM-01
174	Practical	Module 17: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Explain the steps from the farm gate to the consumer in animal production enterprises	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-USE-01, AGT5-COM-01

Periods 175–177

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
175	Practical	Module 17: teacher- authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Explain the steps from the farm gate to the consumer in animal production enterprises	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-USE-01, AGT5-COM-01
176	Practical	Module 17: teacher- authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Explain the steps from the farm gate to the consumer in animal production enterprises	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-USE-01, AGT5-COM-01
177	Site/theory	Module 18: Female reproductive anatomy and fertilisation	Read the named section; complete each 10-question check and saved response. Learning location: <u>Open theory section</u>	Investigate plant or mixed-enterprise systems, sustainability, management and problem solving.	Check feedback and response evidence: M18-S01. Outcomes: AGT5-APG-01, AGT5-COM-01

Periods 178–180

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
178	Site/theory	Module 18: Reproductive technologies and fertility evidence	Read the named section; complete each 10-question check and saved response. Learning location: <u>Open theory section</u>	Investigate plant or mixed-enterprise systems, sustainability, management and problem solving.	Check feedback and response evidence: M18-S02. Outcomes: AGT5-APG-01, AGT5-COM-01
179	Site/theory	Module 18: Hormonal control of the oestrous cycle	Read the named section; complete each 10-question check and saved response. Learning location: <u>Open theory section</u>	Investigate plant or mixed-enterprise systems, sustainability, management and problem solving.	Check feedback and response evidence: M18-S03. Outcomes: AGT5-APG-01, AGT5-COM-01
180	Practical	Module 18: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply safe plant or animal management practices and collect authentic agricultural evidence.	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-PRA-01, AGT5-USE-01

Periods 181–183

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
181	Practical	Module 18: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply safe plant or animal management practices and collect authentic agricultural evidence.	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-PRA-01, AGT5-USE-01
182	Practical	Module 18: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply safe plant or animal management practices and collect authentic agricultural evidence.	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-PRA-01, AGT5-USE-01
183	Site/theory	Module 19: Male reproductive anatomy and the sperm pathway	Read the named section; complete each 10-question check and saved response. Learning location: Open theory section	Investigate plant or mixed-enterprise systems, sustainability, management and problem solving.	Check feedback and response evidence: M19-S01. Outcomes: AGT5-APG-01, AGT5-COM-01

Periods 184–186

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
184	Site/theory	Module 19: Hormones, heat and bull fertility	Read the named section; complete each 10-question check and saved response. Learning location: Open theory section	Investigate plant or mixed-enterprise systems, sustainability, management and problem solving.	Check feedback and response evidence: M19-S02. Outcomes: AGT5-APG-01, AGT5-COM-01
185	Site/theory	Module 19: The mammary system, milk formation and colostrum	Read the named section; complete each 10-question check and saved response. Learning location: Open theory section	Investigate plant or mixed-enterprise systems, sustainability, management and problem solving.	Check feedback and response evidence: M19-S03. Outcomes: AGT5-APG-01, AGT5-COM-01
186	Project/folio	Module 19: consolidate folio and project evidence	Review saved responses; organise evidence, feedback and evaluation against the current teacher direction. Learning location: Open folio section	Collect, analyse and communicate agricultural data; evaluate management decisions and evidence.	Folio entry, source record, planning/evaluation note or depth-study evidence as applicable. Teacher to confirm: TTC-AG-05 Outcomes: AGT5-PRA-01, AGT5-USE-01, AGT5-COM-01

Periods 187–189

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
187	Practical	Module 19: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply safe plant or animal management practices and collect authentic agricultural evidence.	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-PRA-01, AGT5-USE-01
188	Practical	Module 19: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply safe plant or animal management practices and collect authentic agricultural evidence.	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-PRA-01, AGT5-USE-01
189	Practical	Module 19: teacher-authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Apply safe plant or animal management practices and collect authentic agricultural evidence.	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-SAF-01, AGT5-PRA-01, AGT5-USE-01

Periods 190–192

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
190	Site/theory	Module 20: The dairy production cycle	Read the named section; complete each 10-question check and saved response. Learning location: Open theory section	Describe factors affecting the implementation of innovative agricultural technologies and processes	Check feedback and response evidence: M20-S01. Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01
191	Site/theory	Module 20: Emerging dairy technologies and evidence-based selection	Read the named section; complete each 10-question check and saved response. Learning location: Open theory section	Investigate and describe how emerging technologies influence changes to industry practices Describe current and emerging technologies used in traceability for plants and plant products Analyse how emerging agricultural animal technologies and practices may influence consumers, society and the environment Evaluate the impact of Australian innovation on agricultural production and management practices Evaluate how research and innovation influence the development of agricultural practices and industries Describe factors affecting the implementation of innovative agricultural technologies and processes	Check feedback and response evidence: M20-S02. Coverage: Planned master overlay Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01
192	Site/theory	Module 20: Careers across the dairy supply chain	Read the named section; complete each 10-question check and saved response. Learning location: Open theory section	Describe factors affecting the implementation of innovative agricultural technologies and processes	Check feedback and response evidence: M20-S03. Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01

Periods 193–195

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
193	Practical	Module 20: teacher- authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Describe factors affecting the implementation of innovative agricultural technologies and processes	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01
194	Practical	Module 20: teacher- authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Describe factors affecting the implementation of innovative agricultural technologies and processes	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01
195	Practical	Module 20: teacher- authorised practical, investigation or production block	Follow the current teacher demonstration and local procedure; record genuine observations, progress or test evidence. Learning location: Teacher-directed practical or evidence route	Describe factors affecting the implementation of innovative agricultural technologies and processes	Teacher observation and authentic practical/production record; exact method and checkpoint Teacher to confirm. Teacher to confirm: TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01

Periods 196–197

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
196	Project/folio	Course requirement and enterprise evidence register	Reconcile the Year 9 and Year 10 records against the 200-hour course requirements. Identify the final four-or-more enterprises, plant/animal balance, intensive/extensive balance, practical majority and collaborative evidence. Learning location: Teacher-directed practical or evidence route	Verify the 200-hour Agriculture Technology course requirements and retained evidence before whole-course sign-off.	Signed enterprise-and-course requirement register; unresolved local classifications remain Teacher to confirm. Teacher to confirm: TTC-AG-01, TTC-AG-02, TTC-AG-03 Outcomes:
197	Site/theory	Cultural practices, source authority and ICIP assurance	Using Aboriginal-authored or Community-approved sources, address the allocated plant, animal, land-management and innovation content. Follow local Community and ICIP protocols; do not generalise Cultural practices. Learning location: Teacher-directed practical or evidence route	Explore agricultural innovations developed by Aboriginal and Torres Strait Islander Peoples Explore sustainable wildlife conservation Practices developed by Aboriginal and Torres Strait Islander Peoples	Approved-source record, attributed explanation and protocol sign-off. Coverage: Master assurance required Teacher to confirm: TTC-AG-01, TTC-AG-02, TTC-AG-03 Outcomes: AGT5-APG-01, AGT5-PRA-01, AGT5-ENV-01, AGT5-IVT-01

Period 198

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
198	Site/theory	Production systems, sustainability, climate and food security assurance	Use evidence to connect historical and current practices, intensive/extensive systems, climate impacts, mitigation, sustainability and food security. Learning location: Teacher-directed practical or evidence route	Explain the transformation of agricultural systems and industries in Australia from early European practices to current practices Explore early European farming practices to determine their influence on agricultural production, environmental sustainability and society	Evidence-based comparison and justified mitigation or management response. Coverage: Master assurance required Teacher to confirm: TTC-AG-01, TTC-AG-02, TTC-AG-03 Outcomes: AGT5-PRA-01, AGT5-ENV-01, AGT5-USE-01, AGT5-COM-01

Period 199

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
199	Project/folio	Innovation, Agtech, markets, cultural diversity and careers assurance	Investigate one current or emerging agricultural innovation and connect viability, implementation barriers, marketing, consumer influence, cultural diversity and a related career pathway. Learning location: Teacher-directed practical or evidence route	Describe how cultural diversity in Australian society has influenced agricultural production Investigate the role of Agtech startups in developing agricultural systems and solutions	Sourced innovation-and-industry brief with market and career evidence. Coverage: Master assurance required Teacher to confirm: TTC-AG-01, TTC-AG-02, TTC-AG-03 Outcomes: AGT5-IVT-01, AGT5-USE-01, AGT5-COM-01

Period 200

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
200	Project/folio	Collaborative agricultural systems solution and master sign-off	In named collaborative roles, define an agricultural need, design and test a small system or solution, record data, synthesise a conclusion and communicate the result. Complete the master coverage sign-off. Learning location: Teacher-directed practical or evidence route	Generate ideas to develop and manage solutions to identified agricultural needs Synthesise conclusions from experimentation, testing and data analysis Design and conduct experiments and tests to formulate, modify and document solutions Investigate opportunities to design agricultural systems and solutions	Role record, design, test data, conclusion, communication product and faculty coverage sign-off. Coverage: Master assurance required Teacher to confirm: TTC-AG-01, TTC-AG-02, TTC-AG-03 Outcomes: AGT5-PRA-01, AGT5-USE-01

Teacher to confirm before implementation

ID	Item	Owner	Due
TTC-AG-01	Confirm the actual 200-hour timetable and five assurance hours.	Faculty timetable authority	Before program approval
TTC-AG-02	Confirm at least four actual enterprises and the plant/animal and intensive/extensive classifications.	Course teacher and Head Teacher	Before whole-course sign-off
TTC-AG-03	Confirm every practical method, WHS, chemical, biosecurity, animal-welfare, supervision and recordkeeping control.	Course teacher and school WHS authority	Before each practical activity
TTC-AG-04	Confirm Aboriginal Community consultation, source authority, attribution and ICIP protocols before relevant Cultural content is taught.	School Aboriginal education and Community authority	Before relevant content
TTC-AG-05	Confirm the current assessment program, dates, marks, rubric, adjustments and submission route.	Faculty assessment authority	Before assessment advice
TTC-AG-06	Complete faculty review and approval before representing the course as approved for local delivery.	Faculty approval authority	Before approved use
TTC-AG-07	Teach and retain evidence for every exact 2024 master overlay allocated across the two unit programs.	Course teacher	During delivery

Approval record

Role	Name	Signature	Date
Course teacher			
Head Teacher / faculty authority			
WHS / practical authority as applicable
