

Stage 5 Textiles Technology

Year 10 source sequence | 100-period teaching program | v2.0

Course	100-hour Stage 5 component	Implementation	2027 early implementation
Timing	100 x 60-minute periods	Balance	21 theory 23 folio 56 practical
Syllabus	Textiles Technology 7–10 (2025)	Content	43 primary points; 20 site gaps
Status	Local network candidate	Authority	Teacher/faculty approval before delivery

[Official Textiles Technology syllabus](#) · [Open Year 10 course site](#)

Official Stage 5 outcomes

TT5-SAF-01	applies design processes and safe work practices to develop textile projects	TT5-COM-01	communicates ideas, concepts and processes for textile design and production
TT5-EVL-01	investigates and evaluates design inspiration sources and textile products	TT5-IVT-01	explains industry practices and innovative technologies used in textile design and production
TT5-CDT-01	investigates and applies construction and decorative techniques to create textile products	TT5-MAT-01	justifies the selection and use of materials and technologies for textile design and production
TT5-ENV-01	analyses relationships between textile design, production and sustainability		

Course control: This preserves the current 100-period source sequence and practical/assessment boundaries. The 2025 syllabus mapping is new; current site gaps and the collaborative-activity requirement must be resolved before delivery is claimed complete.

Teacher to confirm: Confirm the local timetable and assessment points; current practical methods, equipment and risk controls; the source-bound site-gap extensions; and one genuine collaborative activity with teamwork, communication and shared decisions.

Periods 1–8

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
1	Site/theory	Course learning system	Open Section 1.1; read, complete the check and save the response. Links: 1.1 How Year 10 Textiles works	Apply planning and organisation skills in the production of textile products	Knowledge check and saved response TT5-CDT-01, TT5-SAF-01
2	Site/theory	Hazard language	Open Section 1.2; distinguish hazard, risk and control; complete the check and save the textiles-room example. Add a source-bound syllabus extension and named evidence; confirm before delivery. Links: 1.2 Hazards, risks and controls	Identify and apply appropriate standards and codes of practice when designing textile...	Knowledge check and saved response TT5-CDT-01, TT5-SAF-01
3	Project/folio	Readiness audit	Complete the Safety and course-readiness audit; record teacher-confirmed project, submission route and class routines. Links: Project folio · Course page	Identify and apply appropriate standards and codes of practice when designing textile...	Saved folio checkpoint TT5-CDT-01, TT5-SAF-01
4	Practical	Sewing and pressing induction	Module 1, Section 1.3 check and response, then teacher demonstration and supervised start-up/shutdown practice. Links: 1.3 Safe sewing and pressing routines	Justify the selection of materials used for textile products through testing and...	Teacher check and labelled practical evidence TT5-CDT-01, TT5-MAT-01
5	Practical	Fibre-to-item samples	Module 2, Section 2.1 check and response, then sort labelled fibres, yarns, fabrics and textile items. Add a source-bound syllabus extension and named evidence; confirm before delivery. Links: 2.1 From fibre to textile item	Identify fibres cultivated in Australia for use in textile design/production	Teacher check and labelled practical evidence TT5-ENV-01, TT5-IVT-01, TT5-MAT-01
6	Practical	Fabric structures	Module 2, Section 2.2 check and response, then inspect woven, knitted and non-woven samples, grain and bias. Add a source-bound syllabus extension and named evidence; confirm before delivery. Links: 2.2 Fabric structures	Describe local and global techniques used in the cultivation and processing of fibres	Teacher check and labelled practical evidence TT5-ENV-01, TT5-IVT-01, TT5-MAT-01
7	Practical	Performance testing	Module 2, Section 2.3 check and response, then complete approved comparison tests for end use. Links: 2.3 Properties, performance and end use	Explain the selection and suitability of materials for textile products	Teacher check and labelled practical evidence TT5-ENV-01, TT5-MAT-01
8	Project/folio	Sample evidence	Complete the Textile sample investigation: observations, comparison, suitable end use and evidence-based justification. Links: Project folio · Course page	Explain relationships between textile design, production and sustainable practices	Saved folio checkpoint TT5-ENV-01, TT5-IVT-01

Periods 9–16

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
9	Site/theory	Textile life cycles	Open Section 3.1; trace the full life cycle; complete the check and save the explanation. Links: 3.1 Textile life cycles	Evaluate how textile practices have changed over time to improve sustainability	Knowledge check and saved response TT5-ENV-01, TT5-EVL-01, TT5-IVT-01
10	Practical	Life-cycle evidence	Inspect and sort a approved textile item or sample set by material, construction, use, care and end-of-life pathways. Links: Course page	Identify and evaluate sustainable textile materials and practices	Teacher check and labelled practical evidence TT5-ENV-01, TT5-IVT-01, TT5-MAT-01
11	Practical	Fast-fashion waste audit	Module 3, Section 3.2 check and response, then quantify or classify production and post-use textile waste samples. Add a source-bound syllabus extension and named evidence; confirm before delivery. Links: 3.2 Fast fashion and waste	Evaluate sustainable material sourcing practices for textile design/production	Teacher check and labelled practical evidence TT5-ENV-01, TT5-EVL-01, TT5-MAT-01
12	Site/theory	Ethical choices	Open Section 3.3; evaluate an ethical action; complete the check and save how success would be verified. Links: 3.3 Ethical and informed choices	Analyse ethical considerations for local and global textile design/production practices	Knowledge check and saved response TT5-ENV-01, TT5-IVT-01, TT5-SAF-01
13	Project/folio	Life-cycle investigation	Complete the Module 3 investigation: life-cycle map, waste points, realistic action and evidence measure. Links: Project folio · Course page	Explore ways designers and consumers can influence change in textile design/production...	Saved folio checkpoint TT5-ENV-01, TT5-IVT-01
14	Site/theory	Upcycling pathways	Open Section 4.1; distinguish reuse, recycling and upcycling; complete the check and save textile examples. Add a source-bound syllabus extension and named evidence; confirm before delivery. Links: 4.1 Upcycling, recycling and reuse	Explain how textile designers promote ethical and sustainable design practices	Knowledge check and saved response TT5-COM-01, TT5-IVT-01, TT5-SAF-01
15	Project/folio	Upcycle brief and criteria	Confirm user, need, original item and measurable functional/aesthetic criteria; start the Upcycle folio evidence map. Links: Project folio · Course page	Explore and experiment with construction techniques to test their suitability for...	Saved folio checkpoint TT5-CDT-01, TT5-MAT-01
16	Practical	Material audit	Module 4, Section 4.2 check and response, then inspect seams, closures, grain, usable area, damage and strength. Links: 4.2 Deconstruction and material audit	Deconstruct textile products to identify components and explore creative reuse...	Teacher check and labelled practical evidence TT5-CDT-01, TT5-ENV-01, TT5-SAF-01

Periods 17–24

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
17	Practical	Deconstruction	Follow the approved deconstruction sequence; preserve reusable panels, closures and details; photograph a meaningful checkpoint. Links: Course page	Identify and apply sustainable practices and processes for textile design/production	Teacher check and labelled practical evidence TT5-CDT-01, TT5-ENV-01, TT5-SAF-01
18	Practical	Recovered-material trials	Test recovered material, reinforce where authorised and sample a suitable joining or finishing method. Links: Course page	Justify the selection of materials used for textile products through testing and...	Teacher check and labelled practical evidence TT5-CDT-01, TT5-MAT-01
19	Practical	Specifications to production	Module 4, Section 4.3 check and response, then teacher demonstration and first approved production stage. Links: 4.3 Concepts, specifications and production	Apply planning and organisation skills in the production of textile products	Teacher check and labelled practical evidence TT5-CDT-01, TT5-SAF-01
20	Project/folio	Concept generation	Generate three genuinely different concepts and annotate form, function, construction, materials and waste reduction. Links: Project folio · Course page	Analyse ways that textile ideas and products could be modified to improve sustainability	Saved folio checkpoint TT5-COM-01, TT5-ENV-01, TT5-EVL-01
21	Project/folio	Final concept and plan	Select and justify the final concept; complete production drawing, resources, costing, sequence, criteria and evidence plan. Links: Project folio · Course page	Deconstruct textile products to identify components and explore creative reuse...	Saved folio checkpoint TT5-CDT-01, TT5-ENV-01, TT5-SAF-01
22	Practical	Upcycle production 1	Complete approved marking, cutting and first construction stages; check dimensions and photograph evidence. Links: Course page	Identify and apply sustainable practices and processes for textile design/production	Teacher check and labelled practical evidence TT5-CDT-01, TT5-ENV-01, TT5-SAF-01
23	Practical	Upcycle production 2	Continue construction and decoration; apply a mid-production quality checkpoint and respond to feedback. Links: Course page	Apply ongoing evaluation during the development and production of textile products	Teacher check and labelled practical evidence TT5-CDT-01, TT5-SAF-01
24	Practical	Upcycle finishing	Complete approved finishes, closures, pressing and presentation; test against the stated criteria. Links: Course page	Apply ongoing evaluation during the development and production of textile products	Teacher check and labelled practical evidence TT5-CDT-01, TT5-SAF-01

Periods 25–32

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
25	Practical	Practical 1 completion	Final inspection, product photograph and folio evidence check. Submit Practical 1 in Term 1 Week 10 as directed. Links: Practical 1 assessment · Course page	Develop, refine and demonstrate technical proficiency through textile project work...	Teacher check and labelled practical evidence; formal task point TT5-CDT-01, TT5-SAF-01
26	Site/theory	Textiles and culture	Open Section 5.1; analyse function, expression and context; complete check and written response. Add a source-bound syllabus extension and named evidence; confirm before delivery. Links: 5.1 Textiles as expressive and functional media	Identify textile art forms created for expression, communication and Storytelling	Knowledge check and saved response TT5-COM-01, TT5-EVL-01
27	Site/theory	ICIP and respectful design	Open Section 5.2; distinguish research, authority and copying; complete the check and response. Add a source-bound syllabus extension and named evidence; confirm before delivery. Links: 5.2 Indigenous Cultural and Intellectual Property	Describe Aboriginal and Torres Strait Islander textile designer Practices and products	Knowledge check and saved response TT5-COM-01, TT5-EVL-01
28	Site/theory	Case-study analysis	Open Section 5.3; connect evidence, context and influence; complete the check and analysis statement. Add a source-bound syllabus extension and named evidence; confirm before delivery. Links: 5.3 Case studies and design influence	Investigate Aboriginal and Torres Strait Islander customary Practices and outline how...	Knowledge check and saved response TT5-COM-01, TT5-EVL-01
29	Project/folio	Cultural source register	Select identifiable authoritative sources; record maker/community, function, materials, technique, context and permissions. Add a source-bound syllabus extension and named evidence; confirm before delivery. Links: Project folio · Course page	Explore Aboriginal and Torres Strait Islander material sourcing Practices and describe...	Saved folio checkpoint TT5-COM-01, TT5-EVL-01, TT5-MAT-01
30	Project/folio	Designer case study	Analyse Akira Isogawa or another approved source; separate observation, evidence and inference. Links: Project folio · Course page	Evaluate ethical considerations for the use and appropriation of designs and products	Saved folio checkpoint TT5-COM-01, TT5-EVL-01, TT5-SAF-01
31	Site/theory	Kimono form and context	Open Section 6.1; investigate straight-panel form and context; complete the check and response. Add a source-bound syllabus extension and named evidence; confirm before delivery. Links: 6.1 Kimono form and context	Explore design inspiration sources in the local area to generate textile design ideas...	Knowledge check and saved response TT5-COM-01, TT5-EVL-01
32	Project/folio	Kimono research and moodboard	Create a cited, respectful moodboard; record historical/context evidence and clearly bounded design influence. Links: Project folio · Course page	Apply protocols for designing with respect for Aboriginal and Torres Strait Islander...	Saved folio checkpoint TT5-COM-01, TT5-EVL-01

Periods 33–40

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
33	Practical	Decoration sample 1	Module 6, Section 6.2 check and response, then complete one approved colouration/decoration sample and record variables. Links: 6.2 Colouration and decoration	Investigate and evaluate textile practices and describe design features of textile...	Teacher check and labelled practical evidence TT5-EVL-01, TT5-IVT-01
34	Practical	Decoration sample 2	Refine or compare a second sample; evaluate fibre/fabric suitability, scale, edge quality and repeatability. Links: Course page	Evaluate how diverse cultural perspectives may influence the work of textile designers	Teacher check and labelled practical evidence TT5-EVL-01, TT5-IVT-01
35	Site/theory	Pattern and quality	Open Section 6.3; interpret grainline, notches, scale and sequence; complete the check and response. Add a source-bound syllabus extension and named evidence; confirm before delivery. Links: 6.3 Pattern, sequence and quality	Describe elements and principles of design featured in works created by Aboriginal and...	Knowledge check and saved response TT5-COM-01, TT5-EVL-01
36	Project/folio	Assignment slide plan	Plan the required Google Slides sequence, evidence, image credits and APA references against the formal notice. Add a source-bound syllabus extension and named evidence; confirm before delivery. Links: Project folio · Course page	Explore customary and contemporary decorative design Practices developed by Aboriginal...	Saved folio checkpoint TT5-CDT-01, TT5-COM-01, TT5-EVL-01
37	Project/folio	Mini-kimono design	Complete labelled front/back design, selected materials, technique justification, pattern check and production sequence. Add a source-bound syllabus extension and named evidence; confirm before delivery. Links: Project folio · Course page	Experiment with design software and applications to decorate and manipulate materials...	Saved folio checkpoint TT5-CDT-01, TT5-MAT-01
38	Practical	Mini-kimono layout and cut	Use the approved pattern; check scale, orientation, grain and seam information before cutting. Links: Course page	Annotate aesthetic features and functional properties of design ideas	Teacher check and labelled practical evidence TT5-COM-01, TT5-EVL-01
39	Practical	Mini-kimono construction 1	Follow the approved sequence; construct and press with in-process quality checks and one labelled photograph. Links: Course page	Evaluate and refine design ideas to justify the selection of final textile products...	Teacher check and labelled practical evidence TT5-COM-01, TT5-EVL-01
40	Practical	Mini-kimono construction 2	Continue construction and apply the selected decoration within the approved method and cultural boundary. Links: Course page	Select and apply decorative techniques to enhance textile designs	Teacher check and labelled practical evidence TT5-CDT-01, TT5-SAF-01

Periods 41–48

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
41	Practical	Mini-kimono completion	Finish, press and photograph the mini kimono; evaluate quality against the stated criteria. Links: Course page	Evaluate ethical considerations for the use and appropriation of designs and products	Teacher check and labelled practical evidence TT5-COM-01, TT5-EVL-01, TT5-SAF-01
42	Project/folio	Assignment evidence check	Complete analysis, captions, mini-kimono evidence and APA references; peer-check accuracy and respectful attribution. Links: Project folio · Course page	Apply protocols for designing with respect for Aboriginal and Torres Strait Islander...	Saved folio checkpoint TT5-COM-01, TT5-EVL-01
43	Project/folio	Assignment submission	Final criteria and file-access check; submit the Cultural Study in Term 2 Week 7 using the current class direction. Links: Cultural study assignment · Project folio	Investigate and evaluate textile practices and describe design features of textile...	Saved folio checkpoint; formal task point TT5-EVL-01, TT5-IVT-01
44	Site/theory	Furnishing requirements	Open Section 7.1; distinguish aesthetic and functional requirements; complete the check and response. Links: 7.1 Furnishing requirements	Assess the functional requirements of textile products for their intended purpose	Knowledge check and saved response TT5-EVL-01, TT5-MAT-01
45	Project/folio	Quillow brief and inspiration	Confirm end use, recipient, size and approved design direction; create a labelled inspiration collage. Links: Project folio · Course page	Outline the uses of a range of textile products	Saved folio checkpoint TT5-EVL-01, TT5-MAT-01
46	Practical	Manipulation samples	Module 7, Section 7.2 check and response, then sample approved patchwork/manipulation techniques. Links: 7.2 Manipulation and embellishment samples	Explain functional properties of a range of textile products	Teacher check and labelled practical evidence TT5-EVL-01, TT5-MAT-01
47	Practical	Sample comparison	Compare three samples for appearance, stability, scale, production time and furnishing end use; select one with evidence. Links: Course page	Explain the selection and suitability of materials for textile products	Teacher check and labelled practical evidence TT5-ENV-01, TT5-MAT-01
48	Site/theory	Construction details	Open Section 7.3; connect closures, piping or quilting to function and quality; complete the check and response. Links: 7.3 Closures, piping and production evidence	Explore and experiment with construction techniques to test their suitability for...	Knowledge check and saved response TT5-CDT-01, TT5-MAT-01

Periods 49–56

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
49	Project/folio	Quillow final design	Complete two ideas, selected design, three aesthetic and three functional features, drawing and criteria. Links: Project folio · Course page	Investigate and experiment with decorative techniques to enhance textile products in...	Saved folio checkpoint TT5-CDT-01, TT5-MAT-01
50	Practical	Material preparation	Teacher demonstration: fabric preparation and safe rotary-cutter setup. Confirm material list and begin approved cutting. Links: Course page	Evaluate experimentation with decorative and construction techniques to determine their...	Teacher check and labelled practical evidence TT5-CDT-01, TT5-EVL-01, TT5-MAT-01
51	Practical	Quillow production 1	Cut and organise patchwork components; check accuracy and record the first production photograph. Links: Course page	Examine fabric characteristics and properties to determine their suitability for textile...	Teacher check and labelled practical evidence TT5-CDT-01, TT5-MAT-01
52	Practical	Quillow production 2	Construct patchwork units using the approved sequence; check seam consistency and alignment. Links: Course page	Justify the selection of materials used for textile products through testing and...	Teacher check and labelled practical evidence TT5-CDT-01, TT5-MAT-01
53	Practical	Quillow production 3	Construct the pillow pocket or equivalent approved component; check dimensions and secure construction. Links: Course page	Apply planning and organisation skills in the production of textile products	Teacher check and labelled practical evidence TT5-CDT-01, TT5-SAF-01
54	Practical	Quillow production 4	Assemble layers and wadding using the current teacher demonstration; photograph an evidence checkpoint. Links: Course page	Demonstrate safe practices when selecting and using materials, technologies and...	Teacher check and labelled practical evidence TT5-CDT-01, TT5-MAT-01, TT5-SAF-01
55	Practical	Quillow production 5	Complete approved quilting or securing; check evenness, movement and layer stability. Links: Course page	Identify and select appropriate fabric and notions for production	Teacher check and labelled practical evidence TT5-CDT-01, TT5-MAT-01, TT5-SAF-01
56	Practical	Quillow production 6	Prepare and attach approved binding or edge finish; check corners, joins and durability. Links: Course page	Select, modify and use construction patterns	Teacher check and labelled practical evidence TT5-CDT-01, TT5-SAF-01

Periods 57–64

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
57	Practical	Quillow production 7	Construct and check the selected closure or pocket relationship; test safe, reliable operation. Links: Course page	Interpret pattern instructions, transfer pattern marking and apply pattern layout plans	Teacher check and labelled practical evidence TT5-CDT-01, TT5-SAF-01
58	Practical	Quillow production 8	Assemble major components; complete an in-process inspection and correct one identified quality issue. Links: Course page	Select and apply construction techniques to develop quality textile products	Teacher check and labelled practical evidence TT5-CDT-01, TT5-SAF-01
59	Project/folio	Manufacturing specifications	Complete production drawing, costing, construction sequence, product/care label and evidence captions. Links: Project folio · Course page	Apply ongoing evaluation during the development and production of textile products	Saved folio checkpoint TT5-CDT-01, TT5-SAF-01
60	Practical	Quillow quality checkpoint	Check dimensions, alignment, secure stitching, transformation between forms and presentation; photograph results. Links: Course page	Develop, refine and demonstrate technical proficiency through textile project work...	Teacher check and labelled practical evidence TT5-CDT-01, TT5-SAF-01
61	Practical	Quillow production 9	Continue construction from the approved sequence; teacher checks safe technique and progress. Links: Course page	Identify and describe different purposes of textile design	Teacher check and labelled practical evidence TT5-EVL-01, TT5-MAT-01
62	Practical	Quillow production 10	Refine joins, layers and edges; compare work against aesthetic and functional criteria. Links: Course page	Assess the functional requirements of textile products for their intended purpose	Teacher check and labelled practical evidence TT5-EVL-01, TT5-MAT-01
63	Practical	Quillow production 11	Complete outstanding approved construction and record a labelled problem-solution photograph. Links: Course page	Generate textile ideas and concepts for identified needs and diverse purposes	Teacher check and labelled practical evidence TT5-EVL-01, TT5-MAT-01
64	Practical	Labels and finish	Attach the approved product/care label and swing tag; complete final pressing and presentation. Links: Course page	Explain the selection and suitability of materials for textile products	Teacher check and labelled practical evidence TT5-ENV-01, TT5-MAT-01

Periods 65–72

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
65	Practical	Functional testing	Test transformation, closure, durability and stated end-use requirements; record results accurately. Links: Course page	Explore and experiment with construction techniques to test their suitability for...	Teacher check and labelled practical evidence TT5-CDT-01, TT5-MAT-01
66	Project/folio	Quillow evaluation	Complete peer/self evaluation using criteria, labelled evidence, judgement and realistic improvement. Links: Project folio · Course page	Investigate and experiment with decorative techniques to enhance textile products in...	Saved folio checkpoint TT5-CDT-01, TT5-MAT-01
67	Practical	Practical 2 completion	Final inspection, photograph and folio check. Submit Practical 2 in Term 3 Week 7 as directed. Links: Practical 2 assessment · Course page	Evaluate experimentation with decorative and construction techniques to determine their...	Teacher check and labelled practical evidence; formal task point TT5-CDT-01, TT5-EVL-01, TT5-MAT-01
68	Site/theory	Costume communication	Open Section 8.1; analyse silhouette, colour, material and detail; complete the check and response. Add a source-bound syllabus extension and named evidence; confirm before delivery. Links: 8.1 Costume communicates	Describe how innovative textile design can improve accessibility, participation and...	Knowledge check and saved response TT5-EVL-01, TT5-MAT-01
69	Site/theory	Costume influence	Open Section 8.2; separate historical/cultural evidence from interpretation; complete the check and response. Links: 8.2 Historical, cultural and contemporary influence	Describe aesthetic features of a range of textile products	Knowledge check and saved response TT5-EVL-01, TT5-MAT-01
70	Project/folio	Costume brief and inspiration	Confirm performance context and accessory/item; collect cited inspiration and define communication and function criteria. Links: Project folio · Course page	Investigate and evaluate textile practices and describe design features of textile...	Saved folio checkpoint TT5-EVL-01, TT5-IVT-01
71	Project/folio	Costume design development	Generate and develop ideas; justify materials, notions and techniques; complete management and evidence plans. Links: Project folio · Course page	Evaluate how diverse cultural perspectives may influence the work of textile designers	Saved folio checkpoint TT5-EVL-01, TT5-IVT-01
72	Practical	Costume technique samples	Complete approved construction/decoration samples; compare suitability for movement, appearance and durability. Links: Course page	Identify historical and cultural design features to apply as sources of design...	Teacher check and labelled practical evidence TT5-EVL-01, TT5-IVT-01

Periods 73–80

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
73	Practical	Functional costume test	Module 8, Section 8.3 check and response, then test one approved closure, movement or durability requirement. Links: 8.3 Functional costume production	Identify and describe different purposes of textile design	Teacher check and labelled practical evidence TT5-EVL-01, TT5-MAT-01
74	Practical	Costume production 1	Use the approved pattern/plan; mark, cut and begin construction with a quality checkpoint. Links: Course page	Assess the functional requirements of textile products for their intended purpose	Teacher check and labelled practical evidence TT5-EVL-01, TT5-MAT-01
75	Practical	Costume production 2	Continue construction and document a decision, technique or correction with a labelled photograph. Links: Course page	Investigate textile designs and designers that feature creative decorative applications	Teacher check and labelled practical evidence TT5-CDT-01, TT5-COM-01, TT5-EVL-01
76	Practical	Costume production 3	Apply an approved decoration or surface technique and check how it supports character, setting or purpose. Links: Course page	Describe aesthetic features of a range of textile products	Teacher check and labelled practical evidence TT5-EVL-01, TT5-MAT-01
77	Practical	Costume production 4	Continue construction; check fit, movement, secure fastenings and finish under teacher supervision. Links: Course page	Explain functional properties of a range of textile products	Teacher check and labelled practical evidence TT5-EVL-01, TT5-MAT-01
78	Practical	Costume production 5	Resolve an identified quality issue using teacher feedback; update the production evidence record. Links: Course page	Explore and experiment with construction techniques to test their suitability for...	Teacher check and labelled practical evidence TT5-CDT-01, TT5-MAT-01
79	Site/theory	Testing against criteria	Open Section 10.1; match criteria to fair tests; complete check and save the testing plan. Links: 10.1 Testing against criteria	Evaluate experimentation with decorative and construction techniques to determine their...	Knowledge check and saved response TT5-CDT-01, TT5-EVL-01, TT5-MAT-01
80	Practical	Product testing	Conduct approved tests on a current textile item; control conditions and record observations or measurements. Links: Course page	Apply planning and organisation skills in the production of textile products	Teacher check and labelled practical evidence TT5-CDT-01, TT5-SAF-01

Periods 81–88

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
81	Site/theory	Evaluation and improvement	Open Section 10.2; use criterion-evidence-judgement-improvement; complete check and evaluation paragraph. Links: 10.2 Evaluation and improvement	Demonstrate safe practices when selecting and using materials, technologies and...	Knowledge check and saved response TT5-CDT-01, TT5-MAT-01, TT5-SAF-01
82	Site/theory	Exam and folio readiness	Open Section 10.3; complete the check and teacher-confirmed review plan. Links: 10.3 Course review and folio readiness	Select and apply construction techniques to develop quality textile products	Knowledge check and saved response TT5-CDT-01, TT5-SAF-01
83	Site/theory	Formal examination	Complete the one-hour open-book examination in Term 4 Week 3 under the formal notification conditions. Links: Theory examination · Course page	Select and apply decorative techniques to enhance textile designs	Knowledge check and saved response; formal task point TT5-CDT-01, TT5-SAF-01
84	Project/folio	Evaluation evidence	Apply feedback from testing and examination review; complete missing evaluation evidence without changing observed results. Links: Project folio · Course page	Apply ongoing evaluation during the development and production of textile products	Saved folio checkpoint TT5-CDT-01, TT5-SAF-01
85	Practical	Costume production 6	Resume approved production; complete remaining construction and in-process quality control. Links: Course page	Develop, refine and demonstrate technical proficiency through textile project work...	Teacher check and labelled practical evidence TT5-CDT-01, TT5-SAF-01
86	Practical	Costume production 7	Complete decoration, closures or finishing required by the approved design; record evidence. Links: Course page	Investigate textile designers and textile products from a range of historical periods	Teacher check and labelled practical evidence TT5-EVL-01, TT5-IVT-01
87	Practical	Costume production 8	Test movement, secure fastenings, comfort and stage visibility as applicable; correct one issue. Links: Course page	Identify and describe how historical design features can be applied to contemporary...	Teacher check and labelled practical evidence TT5-EVL-01, TT5-IVT-01
88	Practical	Costume finishing	Complete approved finish, pressing and product/care label or swing tag. Links: Course page	Investigate and evaluate textile practices and describe design features of textile...	Teacher check and labelled practical evidence TT5-EVL-01, TT5-IVT-01

Periods 89–96

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
89	Project/folio	Costume evaluation	Complete peer/self evaluation with design evidence, construction evidence, criteria and improvement. Links: Project folio · Course page	Evaluate how diverse cultural perspectives may influence the work of textile designers	Saved folio checkpoint TT5-EVL-01, TT5-IVT-01
90	Practical	Costume final inspection	Photograph and present the completed work; confirm assessment status and submission direction with the teacher. Links: Course page	Identify historical and cultural design features to apply as sources of design...	Teacher check and labelled practical evidence TT5-EVL-01, TT5-IVT-01
91	Site/theory	Textile industry system	Open Section 9.1; map design, production, use and recovery; complete check and written pathway map. Add a source-bound syllabus extension and named evidence; confirm before delivery. Links: 9.1 The textile industry system	Identify textile supply chain systems to assess future development opportunities Explain current challenges that may influence future development of Australian textile... Describe the influence of globalisation on the Australian textile industry	Knowledge check and saved response TT5-ENV-01, TT5-IVT-01
92	Site/theory	Innovation claims	Open Section 9.2; test claim, evidence, benefit and limitation; complete check and written evaluation. Links: 9.2 Innovation and evidence	Discuss emerging opportunities to improve sustainable textile practices Investigate innovative technologies used in textile design/production	Knowledge check and saved response TT5-ENV-01, TT5-IVT-01
93	Practical	Innovation sample test	Conduct a approved comparison or material test linked to an innovation claim; record controlled evidence. Add a source-bound syllabus extension and named evidence; confirm before delivery. Links: Course page	Evaluate adaptive, emerging and innovative textile technologies for specific purposes Investigate the application of innovative sustainable technologies for textile...	Teacher check and labelled practical evidence TT5-COM-01, TT5-ENV-01, TT5-EVL-01, TT5-MAT-01
94	Site/theory	Careers and skills	Open Section 9.3; connect three course skills to a pathway; complete check and written response. Links: 9.3 Pathways and transferable skills	Investigate career opportunities in textile design/production industries	Knowledge check and saved response TT5-ENV-01, TT5-IVT-01
95	Project/folio	Innovation/career case study	Complete the Module 9 case study with reliable sources, evidence, benefit, limitation and pathway link. Add a source-bound syllabus extension and named evidence; confirm before delivery. Links: Project folio · Course page	Investigate community and industry initiatives that promote textile sustainability and...	Saved folio checkpoint TT5-COM-01, TT5-ENV-01, TT5-IVT-01
96	Practical	Negotiated textile investigation	Complete a approved investigation that revisits a genuine material, technique or performance question. Links: Course page	Explore ways designers and consumers can influence change in textile design/production...	Teacher check and labelled practical evidence TT5-ENV-01, TT5-IVT-01

Periods 97–100

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
97	Practical	Negotiated project extension	Apply the investigation to a bounded approved improvement, repair, sample or project extension. Links: Course page	Explain relationships between textile design, production and sustainable practices	Teacher check and labelled practical evidence TT5-ENV-01, TT5-IVT-01
98	Project/folio	Whole-course folio audit	Check project records, captions, photographs, test results and evaluations; back up the editable folio file. Links: Project folio · Course page	Evaluate adaptive, emerging and innovative textile technologies for specific purposes	Saved folio checkpoint TT5-EVL-01, TT5-MAT-01
99	Practical	Exhibition preparation	Prepare approved items for display; complete safe handling, final quality checks and evidence labels. Links: Course page	Develop, refine and demonstrate technical proficiency through textile project work...	Teacher check and labelled practical evidence TT5-CDT-01, TT5-SAF-01
100	Practical	Course showcase and reset	Present finished items and evidence, complete final reflection, then follow the approved room reset and storage process. Links: Course page	Apply planning and organisation skills in the production of textile products	Teacher check and labelled practical evidence TT5-CDT-01, TT5-SAF-01
