

STAGE 4 INTRODUCTORY ELECTIVE - TEXTILES TECHNOLOGY

Intro Textiles Technology | 50-period teaching program

2027 early-implementation review copy | Textiles Technology 7-10 Syllabus (2025) | v2.0

Course	School-developed 50-hour Stage 4 introductory elective	Syllabus	Textiles Technology 7-10 (2025)
Delivery	2027 20 weeks 50 x 60-minute periods	Pattern	5 periods per fortnight
Lesson balance	10 Site/theory 10 Project/folio 30 Practical	Implementation	Early implementation confirmed by Steve, 28 Aug 2026
Official source	NSW Curriculum official page verified 28 Aug 2026	Focus	Textile project work + design/product development + local/global perspectives
Status	Local teacher review copy Word, PDF and manifest v2.0	Course hours	This is not the NESA 100-hour or 200-hour elective
The unit supports all official outcome areas through project work and formative evidence, but it is a 50-hour school-developed introductory elective rather than a NESA 100-hour course.			

Official Stage 4 adjustment and Stage 5 outcomes

Outcome	Exact official wording	Outcome	Exact official wording
TT4-ADJ-01	in Stage 4 teachers may adjust the Stage 5 outcomes as appropriate to the needs of students in Years 7 and 8	TT5-IVT-01	explains industry practices and innovative technologies used in textile design and production
TT5-SAF-01	applies design processes and safe work practices to develop textile projects	TT5-CDT-01	investigates and applies construction and decorative techniques to create textile products
TT5-COM-01	communicates ideas, concepts and processes for textile design and production	TT5-MAT-01	justifies the selection and use of materials and technologies for textile design and production
TT5-EVL-01	investigates and evaluates design inspiration sources and textile products	TT5-ENV-01	analyses relationships between textile design, production and sustainability

What students are learning

Learning focus	In plain English	Learning focus	In plain English
Safe project work	Use design processes and follow teacher-approved studio and machine practices.	Construction and decoration	Investigate and apply authorised construction and decorative techniques.
Communication	Use textiles terminology, annotations, images and folio evidence to explain decisions.	Materials and technologies	Test and justify materials, tools and technologies for the intended end use.
Inspiration and evaluation	Investigate inspiration and judge products against functional and aesthetic criteria.	Sustainability	Analyse environmental relationships across textile design, production, use and care.
Industry and innovation	Explain how industry practice and textile technologies influence design and production.	Project and folio	Design, produce, document and evaluate source-backed textile projects individually and collaboratively.

Teacher-to-confirm register

When	Decision needed	Confirm by
Before each project	Current brief, dimensions, materials, supplied pattern, size range, permitted variations and required folio evidence	Teacher / faculty
Before practical work	Current machines, demonstrations, construction sequence, supervision, room routines and local risk controls	Teacher / faculty
Before assessment	Task authority, outcomes, marks, dates, conditions, adjustments, rubric and submission method	Teacher / faculty
Before final showcase	Privacy-safe collaborative arrangements and evidence used for any outcome judgement	Teacher / faculty

Teaching program | Periods 1-10

10 x 60-minute lessons. Site/theory and Project/folio labels link to the matching website destination.

P	Type	Focus	Teaching and learning	Syllabus alignment	What the teacher checks
1	Site/theory	Textiles in everyday life	Complete 10 checks, the applied activity and the scaffolded response.	Investigate textile products and how their features meet needs in diverse contexts. Outcomes: TT5-EVL-01, TT5-IVT-01	Check 10 responses, the activity and the response.
2	Project/folio	Studio routines and hazard decisions	Complete 10 checks and the response; save the activity and linked folio evidence.	Identify responsibilities and apply safe work practices during textile project work. Outcomes: TT5-SAF-01	Check 10 responses, the response and folio evidence.
3	Practical	Tools, materials and shared responsibility	First 20 min: complete the section check and response. Then start the approved practical.	Select and use textile materials, tools and equipment responsibly. Outcomes: TT5-SAF-01, TT5-MAT-01	Check the response; observe the process and one quality point.
4	Practical	Produce: Studio routines and tool-handling investigation	Continue the approved task using the current demonstration and controls; check technique and quality.	Safe textile production and evaluation Outcomes: TT5-SAF-01, TT5-CDT-01	Observe setup, process, technique, quality and clean/reset.
5	Practical	Evaluate: Studio routines and tool-handling investigation	Complete the approved stage; record quality, a decision and next action; clean/reset.	Safe textile production and evaluation Outcomes: TT5-SAF-01, TT5-EVL-01	Check quality and next action; observe completion and clean/reset.
6	Site/theory	Machine parts and functions	Complete 10 checks, the applied activity and the scaffolded response.	Identify functions of textile technologies and relate them to controlled production. Outcomes: TT5-IVT-01, TT5-CDT-01	Check 10 responses, the activity and the response.
7	Project/folio	Safe setup and threading boundaries	Complete 10 checks and the response; save the activity and linked folio evidence.	Use textile technologies safely and follow teacher-authorised procedures. Outcomes: TT5-SAF-01, TT5-CDT-01	Check 10 responses, the response and folio evidence.
8	Practical	Stitch control and troubleshooting	First 20 min: complete the section check and response. Then start the approved practical.	Experiment with construction techniques and evaluate stitch evidence within authorised limits. Outcomes: TT5-SAF-01, TT5-CDT-01	Check the response; observe the process and one quality point.
9	Practical	Produce: Teacher-authorised machine practice	Continue the approved task using the current demonstration and controls; check technique and quality.	Safe textile production and evaluation Outcomes: TT5-SAF-01, TT5-CDT-01	Observe setup, process, technique, quality and clean/reset.
10	Practical	Evaluate: Teacher-authorised machine practice	Complete the approved stage; record quality, a decision and next action; clean/reset.	Safe textile production and evaluation Outcomes: TT5-SAF-01, TT5-EVL-01	Check quality and next action; observe completion and clean/reset.

Teacher to confirm before use: Periods 1-10 practical details, materials, equipment, supervision, local risk controls and formal assessment conditions.

Teaching program | Periods 11-20

10 x 60-minute lessons. Site/theory and Project/folio labels link to the matching website destination.

P	Type	Focus	Teaching and learning	Syllabus alignment	What the teacher checks
11	Site/theory	Brief and success criteria	Complete 10 checks, the applied activity and the scaffolded response.	Interpret a textile-project brief and develop functional and aesthetic criteria. Outcomes: TT5-COM-01, TT5-EVL-01	Check 10 responses, the activity and the response.
12	Project/folio	Plan, materials and technique sample	Complete 10 checks and the response; save the activity and linked folio evidence.	Generate and annotate ideas, then test materials and techniques before production. Outcomes: TT5-COM-01, TT5-CDT-01	Check 10 responses, the response and folio evidence.
13	Practical	Make, evaluate and improve	First 20 min: complete the section check and response. Then start the approved practical.	Produce and evaluate a textile project and identify evidence-based improvements. Outcomes: TT5-SAF-01, TT5-CDT-01	Check the response; observe the process and one quality point.
14	Practical	Produce: Pincushion project	Continue the approved task using the current demonstration and controls; check technique and quality.	Safe textile production and evaluation Outcomes: TT5-SAF-01, TT5-CDT-01	Observe setup, process, technique, quality and clean/reset.
15	Practical	Evaluate: Pincushion project	Complete the approved stage; record quality, a decision and next action; clean/reset.	Safe textile production and evaluation Outcomes: TT5-SAF-01, TT5-EVL-01	Check quality and next action; observe completion and clean/reset.
16	Site/theory	Function and user needs	Complete 10 checks, the applied activity and the scaffolded response.	Assess user needs and functional requirements to guide textile design decisions. Outcomes: TT5-COM-01, TT5-EVL-01	Check 10 responses, the activity and the response.
17	Project/folio	Construction sequence and decoration	Complete 10 checks and the response; save the activity and linked folio evidence.	Plan a production sequence and select appropriate construction and decorative techniques. Outcomes: TT5-SAF-01, TT5-CDT-01	Check 10 responses, the response and folio evidence.
18	Practical	Quality, evaluation and communication	First 20 min: complete the section check and response. Then start the approved practical.	Apply ongoing evaluation and communicate quality decisions using textiles terminology. Outcomes: TT5-COM-01, TT5-EVL-01	Check the response; observe the process and one quality point.
19	Practical	Produce: Sewing bag project	Continue the approved task using the current demonstration and controls; check technique and quality.	Safe textile production and evaluation Outcomes: TT5-SAF-01, TT5-CDT-01	Observe setup, process, technique, quality and clean/reset.
20	Practical	Evaluate: Sewing bag project	Complete the approved stage; record quality, a decision and next action; clean/reset.	Safe textile production and evaluation Outcomes: TT5-SAF-01, TT5-EVL-01	Check quality and next action; observe completion and clean/reset.

Teacher to confirm before use: Periods 11-20 practical details, materials, equipment, supervision, local risk controls and formal assessment conditions.

Teaching program | Periods 21-30

10 x 60-minute lessons. Site/theory and Project/folio labels link to the matching website destination.

P	Type	Focus	Teaching and learning	Syllabus alignment	What the teacher checks
21	Site/theory	Design brief and user	Complete 10 checks, the applied activity and the scaffolded response.	Interpret a design brief and gather user information before generating ideas. Outcomes: TT5-COM-01, TT5-EVL-01	Check 10 responses, the activity and the response.
22	Project/folio	Mood boards, colour and texture	Complete 10 checks and the response; save the activity and linked folio evidence.	Select design inspiration and apply colour and texture to develop ideas. Outcomes: TT5-EVL-01, TT5-COM-01	Check 10 responses, the response and folio evidence.
23	Practical	Ethical digital inspiration	First 20 min: complete the section check and response. Then start the approved practical.	Research, record and transform inspiration using ethical digital and Cultural protocols. Outcomes: TT5-EVL-01, TT5-IVT-01	Check the response; observe the process and one quality point.
24	Practical	Produce: Design-inspiration and technique sampling	Continue the approved task using the current demonstration and controls; check technique and quality.	Safe textile production and evaluation Outcomes: TT5-SAF-01, TT5-CDT-01	Observe setup, process, technique, quality and clean/reset.
25	Practical	Evaluate: Design-inspiration and technique sampling	Complete the approved stage; record quality, a decision and next action; clean/reset.	Safe textile production and evaluation Outcomes: TT5-SAF-01, TT5-EVL-01	Check quality and next action; observe completion and clean/reset.
26	Site/theory	Fibre origins	Complete 10 checks, the applied activity and the scaffolded response.	Identify textile fibres and investigate how origin influences use and responsibility. Outcomes: TT5-MAT-01, TT5-ENV-01	Check 10 responses, the activity and the response.
27	Project/folio	Yarn and fabric structures	Complete 10 checks and the response; save the activity and linked folio evidence.	Compare yarn and fabric structures and their influence on textile behaviour. Outcomes: TT5-MAT-01, TT5-IVT-01	Check 10 responses, the response and folio evidence.
28	Practical	Properties, testing and end use	First 20 min: complete the section check and response. Then start the approved practical.	Test textile properties and justify material suitability for an intended end use. Outcomes: TT5-MAT-01, TT5-EVL-01	Check the response; observe the process and one quality point.
29	Practical	Produce: Fibre, fabric and property testing	Continue the approved task using the current demonstration and controls; check technique and quality.	Safe textile production and evaluation Outcomes: TT5-SAF-01, TT5-CDT-01	Observe setup, process, technique, quality and clean/reset.
30	Practical	Evaluate: Fibre, fabric and property testing	Complete the approved stage; record quality, a decision and next action; clean/reset.	Safe textile production and evaluation Outcomes: TT5-SAF-01, TT5-EVL-01	Check quality and next action; observe completion and clean/reset.
Teacher to confirm before use: Periods 21-30 practical details, materials, equipment, supervision, local risk controls and formal assessment conditions.					

Teaching program | Periods 31-40

10 x 60-minute lessons. Site/theory and Project/folio labels link to the matching website destination.

P	Type	Focus	Teaching and learning	Syllabus alignment	What the teacher checks
31	Site/theory	Envelope, measurements and size choice	Complete 10 checks, the applied activity and the scaffolded response.	Interpret current pattern information and use measurements to select an appropriate size. Outcomes: TT5-SAF-01, TT5-CDT-01	Check 10 responses, the activity and the response.
32	Project/folio	Pieces, markings and grainline	Complete 10 checks and the response; save the activity and linked folio evidence.	Interpret pattern pieces, symbols, markings and grainline as production information. Outcomes: TT5-COM-01, TT5-CDT-01	Check 10 responses, the response and folio evidence.
33	Practical	Layout, quantity, cost and alterations	First 20 min: complete the section check and response. Then start the approved practical.	Plan an authorised layout and justify material quantity, cost and permitted alterations. Outcomes: TT5-SAF-01, TT5-MAT-01	Check the response; observe the process and one quality point.
34	Practical	Produce: Commercial-pattern interpretation and layout	Continue the approved task using the current demonstration and controls; check technique and quality.	Safe textile production and evaluation Outcomes: TT5-SAF-01, TT5-CDT-01	Observe setup, process, technique, quality and clean/reset.
35	Practical	Evaluate: Commercial-pattern interpretation and layout	Complete the approved stage; record quality, a decision and next action; clean/reset.	Safe textile production and evaluation Outcomes: TT5-SAF-01, TT5-EVL-01	Check quality and next action; observe completion and clean/reset.
36	Site/theory	Target market and the apparel brief	Complete 10 checks, the applied activity and the scaffolded response.	Use target-market evidence and the authorised brief to develop design criteria. Outcomes: TT5-COM-01, TT5-EVL-01	Check 10 responses, the activity and the response.
37	Project/folio	Aesthetic and functional features	Complete 10 checks and the response; save the activity and linked folio evidence.	Analyse and balance aesthetic and functional features for the intended user. Outcomes: TT5-COM-01, TT5-EVL-01	Check 10 responses, the response and folio evidence.
38	Practical	Final design, material, sustainability and sequence	First 20 min: complete the section check and response. Then start the approved practical.	Refine and justify a final design, material selection and feasible production sequence. Outcomes: TT5-COM-01, TT5-MAT-01	Check the response; observe the process and one quality point.
39	Practical	Produce: Apparel design sample and readiness work	Continue the approved task using the current demonstration and controls; check technique and quality.	Safe textile production and evaluation Outcomes: TT5-SAF-01, TT5-CDT-01	Observe setup, process, technique, quality and clean/reset.
40	Practical	Evaluate: Apparel design sample and readiness work	Complete the approved stage; record quality, a decision and next action; clean/reset.	Safe textile production and evaluation Outcomes: TT5-SAF-01, TT5-EVL-01	Check quality and next action; observe completion and clean/reset.

Teacher to confirm before use: Periods 31-40 practical details, materials, equipment, supervision, local risk controls and formal assessment conditions.

Teaching program | Periods 41-50

10 x 60-minute lessons. Site/theory and Project/folio labels link to the matching website destination.

P	Type	Focus	Teaching and learning	Syllabus alignment	What the teacher checks
41	Site/theory	Prepare and cut under teacher direction	Complete 10 checks, the applied activity and the scaffolded response.	Plan and organise pattern preparation and cutting under current teacher direction. Outcomes: TT5-SAF-01, TT5-CDT-01	Check 10 responses, the activity and the response.
42	Project/folio	Construct under teacher demonstration	Complete 10 checks and the response; save the activity and linked folio evidence.	Apply authorised construction techniques through supervised textile project work. Outcomes: TT5-SAF-01, TT5-CDT-01	Check 10 responses, the response and folio evidence.
43	Practical	Quality control and progress evidence	First 20 min: complete the section check and response. Then start the approved practical.	Apply ongoing evaluation and record production decisions and quality evidence. Outcomes: TT5-COM-01, TT5-EVL-01	Check the response; observe the process and one quality point.
44	Practical	Produce: Shorts or pants production	Continue the approved task using the current demonstration and controls; check technique and quality.	Safe textile production and evaluation Outcomes: TT5-SAF-01, TT5-CDT-01	Observe setup, process, technique, quality and clean/reset.
45	Practical	Evaluate: Shorts or pants production	Complete the approved stage; record quality, a decision and next action; clean/reset.	Safe textile production and evaluation Outcomes: TT5-SAF-01, TT5-EVL-01	Check quality and next action; observe completion and clean/reset.
46	Site/theory	Test against criteria	Complete 10 checks, the applied activity and the scaffolded response.	Evaluate a textile product against functional and aesthetic criteria using evidence. Outcomes: TT5-EVL-01, TT5-COM-01	Check 10 responses, the activity and the response.
47	Project/folio	Care label and swing tag	Complete 10 checks and the response; save the activity and linked folio evidence.	Communicate verified product and care information for a defined audience. Outcomes: TT5-COM-01, TT5-IVT-01	Check 10 responses, the response and folio evidence.
48	Practical	Reflection, folio and collaborative showcase	First 20 min: complete the section check and response. Then start the approved practical.	Document and communicate project learning through reflection, folio evidence and collaboration. Outcomes: TT5-COM-01, TT5-EVL-01	Check the response; observe the process and one quality point.
49	Practical	Produce: Product testing, finishing and showcase preparation	Continue the approved task using the current demonstration and controls; check technique and quality.	Safe textile production and evaluation Outcomes: TT5-SAF-01, TT5-CDT-01	Observe setup, process, technique, quality and clean/reset.
50	Practical	Evaluate: Product testing, finishing and showcase preparation	Complete the approved stage; record quality, a decision and next action; clean/reset.	Safe textile production and evaluation Outcomes: TT5-SAF-01, TT5-EVL-01	Check quality and next action; observe completion and clean/reset.

Teacher to confirm before use: Periods 41-50 practical details, materials, equipment, supervision, local risk controls and formal assessment conditions.
