

Year 10 Food Technology 2026 teacher program

Four term focus areas for 10FOTE1. This school-developed program maps the current local website and the 2019 NSW Food Technology syllabus. It is a review draft until the school timetable, practical program and assessment schedule are confirmed.

Delivery	Syllabus	Website state	Approval
Four 2026 terms; hours and class periods to confirm	2019 current basis; 2025 starts 2028 unless early use is approved	Local candidate; Classroom is the live course record	Teacher review and sign-off pending

Verified references [NESA syllabus](#) | [2026 Classroom](#) | [Posted Food Trends task](#)

Official Stage 5 outcomes

Exact NESA wording is shown below. Website theory and planning support are separate from teacher-approved practical performance evidence.

Code	Exact wording	Code	Exact wording
FT5-1	demonstrates hygienic handling of food to ensure a safe and appealing product	FT5-2	identifies, assesses and manages the risks of injury and WHS issues associated with the handling of food
FT5-3	describes the physical and chemical properties of a variety of foods	FT5-4	accounts for changes to the properties of food which occur during food processing, preparation and storage
FT5-5	applies appropriate methods of food processing, preparation and storage	FT5-6	describes the relationship between food consumption, the nutritional value of foods and the health of individuals and communities
FT5-7	justifies food choices by analysing the factors that influence eating habits	FT5-8	collects, evaluates and applies information from a variety of sources
FT5-9	communicates ideas and information using a range of media and appropriate terminology	FT5-10	selects and employs appropriate techniques and equipment for a variety of food-specific purposes
FT5-11	plans, prepares, presents and evaluates food solutions for specific purposes	FT5-12	examines the relationship between food, technology and society
FT5-13	evaluates the impact of activities related to food on the individual, society and the environment		

Teacher to confirm before delivery

Actual 100- or 200-hour course basis, periods and practical majority; approved recipes, equipment and risk controls; formal notices beyond the posted Food Trends task; draft exam issue status; any documented 2025 early adoption.

P numbers are 20 planning slots across four term blocks, not an approved class-period allocation.

Content focus cells are school-developed planning summaries. Stage 5 outcome statements above preserve official wording.

Program sign-off: Course teacher _____ Head Teacher _____ Date _____

Term 1 Food Equity

Teach the three website sections in order. Use the matching slides, visual and inline practice before each closed check. Classroom holds current practical and formal assessment directions.

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
1	Site/theory	What food equity means	Compare food availability with real access using two households and a stocked shop. Read, sort availability/access evidence, then explain a barrier without blaming people.	Food equity: investigate access to suitable food and factors shaping food choices.	The 10-question check and one written access comparison saved locally. FT5-6, FT5-7, FT5-8, FT5-9, FT5-12, FT5-13
2	Site/theory	Barriers to food and water	Trace food and safe-water supply barriers; weigh what desalination can and cannot address. Use the systems visual to mark an interruption and test response trade-offs.	Food equity: examine barriers to food and water supply and possible responses.	The 10-question check and one comparison of responses saved locally. FT5-6, FT5-7, FT5-8, FT5-9, FT5-12, FT5-13
3	Site/theory	Investigate and respond	Test a food-access claim against dated, local evidence and design a targeted response. Separate observation from inference; write a claim-evidence-limitation conclusion.	Food equity: investigate food inequity using evidence and evaluate strategies for change.	The 10-question check and one evaluated access plan saved locally. FT5-6, FT5-7, FT5-8, FT5-9, FT5-12, FT5-13
4	Project/folio	Apply and select evidence - Food Equity	Use the Module 1 applied scenario and puzzle bank. Review all three checks; select one meaningful folio record.	Food equity: apply and communicate a reasoned food decision using relevant evidence.	Formative activity choice/justification and one selected folio card; formal submission remains in Classroom. FT5-6, FT5-7, FT5-8, FT5-9, FT5-12, FT5-13
5	Practical	Teacher-approved practical sequence - Food Equity	Reserved planning slot only. Enter the approved recipe/brief, equipment, supervision, risk controls, preparation and clean-down before use. Allocate actual time from the local timetable.	Food equity: practical food design, preparation and evaluation under current school procedures.	Teacher-controlled practical observations and product evidence - Teacher to confirm.

Checks and adjustments

Check each section's 10 feedback-bearing questions and one scaffolded written response; use the visible three-link review. Offer vocabulary, read-aloud, paired explanation and an accessible non-video pathway. Select one folio record.

Teacher to confirm before use: allocate actual periods and practical majority; insert approved preparation, supervision and risk controls; confirm any formal notice in Classroom.

Term 2 Food Trends

Teach the three website sections in order. Use the matching slides, visual and inline practice before each closed check. Classroom holds current practical and formal assessment directions.

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
6	Site/theory	Why food trends emerge	Identify drivers of a food trend and distinguish popularity from evidence of benefit. Sort fictional trend headlines into description, claim and evidence.	Food trends: examine current trends and factors influencing their appeal.	The 10-question check and one evaluation of two trend claims saved locally. FT5-6, FT5-7, FT5-8, FT5-9, FT5-12, FT5-13
7	Site/theory	Local produce, waste and value adding	Compare local produce, food miles, waste and value adding across a food journey. Trace two produce journeys and record missing impact information.	Food trends: discuss local produce, food miles, food waste, value-added products and sustainability.	The 10-question check and one surplus-produce decision saved locally. FT5-6, FT5-7, FT5-8, FT5-9, FT5-12, FT5-13
8	Site/theory	Evaluate a food trend	Read a label fairly and evaluate a trend claim for a named consumer. Compare fictional labels per 100 g and name an unanswered question.	Food trends: investigate consumer appeal and test nutrition and environmental claims.	The 10-question check and one conditional trend recommendation saved locally. FT5-6, FT5-7, FT5-8, FT5-9, FT5-12, FT5-13
9	Project/folio	Apply and select evidence - Food Trends	Use the Module 2 applied scenario and puzzle bank. Review all three checks; select one meaningful folio record. Open the posted Food Trends task in Classroom for formal instructions.	Food trends: apply and communicate a reasoned food decision using relevant evidence.	Formative activity choice/justification and one selected folio card; formal submission remains in Classroom. FT5-6, FT5-7, FT5-8, FT5-9, FT5-12, FT5-13
10	Practical	Teacher-approved practical sequence - Food Trends	Reserved planning slot only. Enter the approved recipe/brief, equipment, supervision, risk controls, preparation and clean-down before use. Allocate actual time from the local timetable.	Food trends: practical food design, preparation and evaluation under current school procedures.	Teacher-controlled practical observations and product evidence - Teacher to confirm.

Checks and adjustments

Check each section's 10 feedback-bearing questions and one scaffolded written response; use the visible three-link review. Offer vocabulary, read-aloud, paired explanation and an accessible non-video pathway. Select one folio record.

Teacher to confirm before use: allocate actual periods and practical majority; insert approved preparation, supervision and risk controls; confirm any formal notice in Classroom.

Term 3 Food for Special Occasions

Teach the three website sections in order. Use the matching slides, visual and inline practice before each closed check. Classroom holds current practical and formal assessment directions.

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
11	Site/theory	Food, identity and significance	Explain food significance using people, occasion and trustworthy perspectives. Compare fictional occasion accounts; avoid treating one family as a whole culture.	Food for special occasions: explore food's social, cultural and personal significance.	The 10-question check and one inclusive occasion explanation saved locally. FT5-7, FT5-8, FT5-9, FT5-11, FT5-12
12	Site/theory	Celebrations across time and place	Compare celebration foods across time and place without assuming one fixed tradition. Mark observation, inference and missing perspective in a dated-menu example.	Food for special occasions: investigate celebration traditions, change and global influences.	The 10-question check and one source-aware historical comparison saved locally. FT5-7, FT5-8, FT5-9, FT5-11, FT5-12
13	Site/theory	Plan for an occasion	Justify a hypothetical occasion menu against guest needs, meaning and resources. Compare two hypothetical menu proposals against a brief and one trade-off.	Food for special occasions: plan suitable food choices for a specified occasion.	The 10-question check and one justified menu approach saved locally. FT5-7, FT5-8, FT5-9, FT5-11, FT5-12
14	Project/folio	Apply and select evidence - Food for Special Occasions	Use the Module 3 applied scenario and puzzle bank. Review all three checks; select one meaningful folio record.	Food for special occasions: apply and communicate a reasoned food decision using relevant evidence.	Formative activity choice/justification and one selected folio card; formal submission remains in Classroom. FT5-7, FT5-8, FT5-9, FT5-11, FT5-12
15	Practical	Teacher-approved practical sequence - Food for Special Occasions	Reserved planning slot only. Enter the approved recipe/brief, equipment, supervision, risk controls, preparation and clean-down before use. Allocate actual time from the local timetable.	Food for special occasions: practical food design, preparation and evaluation under current school procedures.	Teacher-controlled practical observations and product evidence - Teacher to confirm.

Checks and adjustments

Check each section's 10 feedback-bearing questions and one scaffolded written response; use the visible three-link review. Offer vocabulary, read-aloud, paired explanation and an accessible non-video pathway. Select one folio record.

Teacher to confirm before use: allocate actual periods and practical majority; insert approved preparation, supervision and risk controls; confirm any formal notice in Classroom.

Term 4 Food Service and Catering

Teach the three website sections in order. Use the matching slides, visual and inline practice before each closed check. Classroom holds current practical and formal assessment directions.

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
16	Site/theory	Service settings and customers	Compare canteen, café, food truck and event-catering service models. Map an allergen-information question through front and back of house.	Food service and catering: examine ventures, customers, operations and staff roles.	The 10-question check and one service-setting comparison saved locally. FT5-3, FT5-4, FT5-7, FT5-11, FT5-12, FT5-13
17	Site/theory	Menus, teams and costs	Weigh menu formats, yield, cost categories, team capacity and communication. Use a fictional brief to compare set and à la carte formats.	Food service and catering: investigate menus, costs, work roles and workflow planning.	The 10-question check and one menu-workflow evaluation saved locally. FT5-3, FT5-4, FT5-7, FT5-11, FT5-12, FT5-13
18	Site/theory	Functional properties and review	Explain ingredient function, observable change and fair product comparison. Compare fictional observations without attributing changes to an uncontrolled factor.	Food service and catering: investigate food properties and evaluate a food solution.	The 10-question check and one controlled-improvement evaluation saved locally. FT5-3, FT5-4, FT5-7, FT5-11, FT5-12, FT5-13
19	Project/folio	Apply and select evidence - Food Service and Catering	Use the Module 4 applied scenario and puzzle bank. Review all three checks; select one meaningful folio record.	Food service and catering: apply and communicate a reasoned food decision using relevant evidence.	Formative activity choice/justification and one selected folio card; formal submission remains in Classroom. FT5-3, FT5-4, FT5-7, FT5-11, FT5-12, FT5-13
20	Practical	Teacher-approved practical sequence - Food Service and Catering	Reserved planning slot only. Enter the approved recipe/brief, equipment, supervision, risk controls, preparation and clean-down before use. Allocate actual time from the local timetable.	Food service and catering: practical food design, preparation and evaluation under current school procedures.	Teacher-controlled practical observations and product evidence - Teacher to confirm.

Checks and adjustments

Check each section's 10 feedback-bearing questions and one scaffolded written response; use the visible three-link review. Offer vocabulary, read-aloud, paired explanation and an accessible non-video pathway. Select one folio record.

Teacher to confirm before use: allocate actual periods and practical majority; insert approved preparation, supervision and risk controls; confirm any formal notice in Classroom.
